Communicating With All For-
mer Rushville Residents

FOR FALL FESTIVAL VISIT

Cincinnati Will Arrive at 11 A. M.
Tuesday—Arrangements Com-
mittees Appointed

Arrangements were completed to-
day for the entertainment of the
Cincinnati and Indianapolis visitors
who will be here on Tuesday and
Thursday of next week for the fall
festival and horse show by appoint-
ing two committees on arrangements
one for the Indianapolis delegation
and the other for the Cincinnati de-
legation.

Every person in Rushville is ex-
pected to be a member of the recep-
tion committee on both days. Coat
lapel badges, with a line on them for
each person to write their names so
that they will not need any introduc-
tions, will be distributed on Monday.

A card was received this morning,
the same kind that the Trade Ex-
pansion Club of the Cincinnati
Chamber of Commerce is sending to
its members urging them to make the
trip to Rushville on Tuesday. "Rush
to Rushville," it says in big letters.

On this card are found the de-
finite arrangements for the "Queen
City" visitors. It says the special
train will leave the C. H. & D. depot
at Cincinnati 9 a. m. Tuesday morn-
ing, arriving here at 11 a. m. The
visitors will go to the hotel at once
for their lunch. The train will leave
here at 5:45 p. m. and will arrive in
Cincinnati at 7:45. The committee
on Cincinnati arrangements will pre-
pare the local program.

Word was received from Indiana-
polis this morning that wholesale
trade members of the Chamber of
Commerce would leave Indianapolis
Thursday morning at eight o'clock
on special I. & C. interurban cars,
accompanied by the Indianapolis
News' Newsboys' band. They will go
direct to Connersville, arriving there
at ten o'clock and will remain until
one, when they will return here and
be joined by another delegation from
the Indianapolis Chamber of Com-
merce that is coming in the afternoon.

Ralph W. Douglass, assistant gen-
eral secretary of the Indianapolis
Chamber of Commerce, is in posses-
sion of the officers of the Rush county
society of Indianapolis and will
communicate with all of its members
which include former Rush county
people in Indianapolis, urging them
to join the delegation to this city.
So the visit in the afternoon from
Indianapolis will resolve itself into a
homecoming of Indianapolis folks
who lived here at one time.

The decorations are going up
rapidly and the city is putting a gala
appearance, such as never was seen
here before.

It was announced today that the
Uniform Rank, Knights of Pythias,
will conduct a dancing pavilion in
front of the K. of P. building dur-
ing the week. This is expected to
be a big attraction for fall festival
visitors.

The committee on arrangements
for the Cincinnati visitors is as fol-
lows: Will M. Bliss, chairman, T.
W. Lytle, Wilbur Stiers, T. W. Bet-
ker and Joe Sterns.

The Indianapolis committee is
composed of the following: E. R.
Casady, chairman, Irwin Kinnear, B.
A. Black, L. M. Sexton and Theodore
Heeb.

—Mr. and Mrs. Pat Rardin have
returned home after an extensive
trip through Tennessee, returning
by the way of Oklahoma.

DIES IN MEXICO TODAY

Rena Hardwick, Who Went There
For Health, Expires Today.

Miss Rena Hardwick, who went to
Roswell, New Mexico, for her health
May 1, 1915, died this morning at
10:30 of tuberculosis, according to
word received by local relatives. She
was a daughter of Mr. and Mrs.
James Hardwick and formerly lived
in Orange township, about one mile
east of Gowdy. Miss Hardwick had
been declining in health for some
time. She was 24 years of age and
at one time attended high school in
this city.

FEW MONTHS PLENTY
FOR THIS COUPLEMary J. and John P. Meyers Married
on January 30, 1915 and Sepa-
rated August 14.

ACCUSED OF CURSING SPOUSE

Seven months of married life was
enough, or rather too much, for
John P. Meyers and Mary J. Meyers,
residents of Williamstown. He filed
suit for divorce this morning, al-
leging cruel and inhuman treatment.
The complaint states that they were
married January 30, 1915 and sepa-
rated on August 14.

Mr. Meyers states that she cursed
him and called him vile names. He
also alleges that she often left home
early in the morning and refused to
cook, clean the house, make the
beds, or do any of the work of an
ordinary house wife. The complaint
states that on August 14 she left
him and has failed to return al-
though he has made an earnest ef-
fort to get her to do so. Kiplinger
and Smith and Perry O'Neal repre-
sent the plaintiff.

SIXTEEN SPACES FOR
AUTO SHOW SOLDIndications Were Today That Many
More Would be Taken and Dis-
play Would be Big Success.

RESPONSE TO INVITATIONS

Sixteen spaces have been taken
in the new garage in South Main
street for the automobile show
which will be held in connection with
the fall festival and horse show.
This indicates the popularity of the
show and the general good reception
it has received from the manufac-
turers. The spaces have been mar-
ked off and the garage put in condi-
tion for the show. The automobile
manufacturers and agents have
been invited to place their cars in
the show room Saturday so that any
who would like to view the show may
call at the room tomorrow.

The following cars will be on dis-
play: Studebakers, Maxwells, Fords,
Buicks, Morrises, Overlands, Mon-
roes, Paiges, Chevrolets and possi-
bly the Dolly Madison and Empires.
In some instances agents have taken
two spaces and will show three cars.
In other cases two or three models
of one car will be exhibited. Other
agents have made tentative agree-
ments for spaces and may close the
contract any time.

—Mr. and Mrs. Charles Newhouse
of Noble township saw the perform-
ance of "The Only Girl" in Conners-
ville last night.

DEGREE TEAM
BIG ATTRACTIONRushville Odd Fellows Center of In-
terest at Shelby County Meet-
ing Thursday Night

27 LODGES REPRESENTED

J. T. Arbuckle, Grand Master, And
Edwin Farrer, Past Grand
Master, Distinguished Guests

Every Odd Fellow Lodge in Shelby
county was largely represented at
the county meeting which was held
in the local order's hall, on west
Broadway, in the Odd Fellow's build-
ing, Thursday night beside a num-
ber of representatives from orders
in Ohio, Kansas and California, says
the Shelbyville News. Twenty-seven
different lodges were represented
at the meeting.

The session had been widely ad-
vertised and the number of persons
who responded to the advertisement
was exceedingly large. When asked
for an estimation of the number pre-
sent, Thursday night, the recording
secretary gave five hundred fifty as
his guests. The large and spacious
hall in the third floor of the building
was jammed to the doors, the two
antirooms were packed and a great
number were standing in the hall be-
side several more who were in front
of the building.

The meeting was well worth the
while of those who attended and the
local order and all who participated
in the meeting feel that they have
been repaid many times for the
work, necessary to arrange so suc-
cessful a meeting.

During the progress of the even-
ing work was given two candidates
of the order, John Marsh, a member
of the local day police force and
Paul Theobald. On these two the
third degree was conferred. The
Rushville degree team had been asked
to confer the degree and the lodgemen
who witnessed the work say that the
Rushville team was one of the best
and most efficient that has ever
been on the local floor. The order
of our neighbor to the west re-
ceived many flowery compliments
upon the manner in which they did
the work. They carried a seven
piece orchestra with them, which
was composed of musicians from
their home town. It is also said
that the musical part of the confer-
ence of the work was exceptionally
well done.

The drill team of the Rushville
order entertained the large audience
with a number of very difficult drills
all of which were very perfectly
done. The team dressed in white
uniforms and as they wheeled, cir-
cled, and did various other feats
the sight was indeed good to look
upon. A thing which called forth
much applause from the onlookers
was the formation of the three links,
the emblem of the order. Many
who saw it say that the performance
was the first that they had ever seen.

A number of very distinguished
visitors were present to attend the
meeting among these being Present
Grand Master, J. T. Arbuckle and
Past Grand Master, of the state,
Edwin Farrer, both of whom were
from Rushville; Brother Will Ear-
hart, of Greensburg; Brother Judge
Deupree of Franklin; Brother Gold-
man, of east Chicago and Past
Grand Patriarch Samuel P. Stroup,
of this city.

ADMIT REPULSE

(By United Press.)

Bukharest, Oct. 22.—Though they
admit that the maon Austro-Ger-
man advance is still progressing, the
Servians have repulsed the invaders
south of Belgrade, according to ad-
vices from the front.

FOUR MEETINGS
PLANNED HERERevivals and Special Services Will
Take Place at Rushville
Churches in Near Future.

FIRST ONE AT BAPTIST

Others to Follow Will be at U. P.,
Main Street Christian and
Catholic Churches.

Revival meetings and special ser-
vices have been arranged for the
near future in four of the churches
of the city and one is now in pro-
gress at the Big Flatrock church.
The first of the meetings here will
start Sunday, October 31 at the
First Baptist church. These meet-
ings will be in charge of the Rev. S.
ings will be in charge of the Rev. S.
G. Huntington.

Starting on November 2 a series
of meetings expected to continue for
two weeks will be started at the Uni-
ted Presbyterian church. The Rev.
S. R. Jamieson of Oxford, Ohio, a
brother of the Rev. A. W. Jamieson,
local pastor, will assist at the ser-
vices.

A series of protracted meetings
will be started at the Main Street
Christian church Sunday, November
7. The revival will be conducted by
the Rev. J. H. O. Smith of Little
Rock, Arkansas. He will be assisted
by H. H. Sanders, who will be in
charge of the music. All members
of the congregation are urged to be
present at the regular church ser-
vices Sunday in preparation for the
special meetings.

The Rev. C. M. Yocum, pastor of
the Main Street Christian church,
has been conducting a revival at the
Big Flatrock Christian church dur-
ing the last week. There have been
seven additions to the church and it
is reported that the crowds are large
and the interest fine. The revival
will continue for another week. The
Rev. E. E. Kuhn is pastor of the
church. The Rev. Mr. Yocum will
fill the pulpit at his own church, but
will preach at Big Flatrock Sunday
night.

St. Mary's Catholic has arranged
for a series of lectures by the Rev.
Bertrand L. Conway, a noted Pan-
list missionary of New York City.
The lectures will continue for one
week starting on Monday November
1. His lectures will be especially in-
teresting to Non-Catholics. The
Rev. Father Conway is a writer of
note. His coming to this city is
largely in compliment to the Rev. M.
W. Lyons, who attended the same
college with him in Maryland.

A question box will be maintained
in connection with these services
and this is expected to be a big fea-
ture. Some of the subjects on which
he will talk are "Is One Church as
Good as Another?" "The Church
and the Bible;" "The Papacy;" "The
Confession of Sins;" "The Lord's
Supper;" "The Sacrifice of the Mass;"
"Prayer;" "Why I am a Catholic."

WANTS NEW STATE SONG.

Evansville, Ind., Oct. 22.—Indi-
ana's state song, "On the Banks of
the Wabash," is money and senti-
mental and not fit for "school chil-
dren," says Principal E. P. Wiles, of
this city. He has written to James
Whitcomb Riley in the name of Ev-
ansville school children asking the
greatest living American poet to
write a song that shall be Indiana's
official song.

PROHI LAW QUESTIONED

Olympia, Wash., Oct. 22.—Consti-
tutionality of the prohibition law,
effective in Washington Januray 1,
1917, was argued before the Supre-
me court today. The liquor in-
terests filed the suit.

WILL REJECT ENGLAND

Greece is Not Expected to Take Cy-
prus For Aiding British

(By United Press.)

Athens, Oct. 22.—A Greek rejec-
tion of the allies offer of the Island
of Cyprus if Greece will attack Bul-
garia was indicated by all signs here
today.

Premier Zaimis was quoted by all
the papers as saying that the Greek
attitude would remain unchanged
and editorial comment expressed the
same view.

MILADY'S WHIMS
RAISE THE PRICESDue to Popular Demand For Fur,
Quotations Received Here Show
10 to 50 Per Cent Increase.

LOSS LAST YEAR DUE TO WAR

The fur that milady wears on her
collar, around the top of her shoes,
around her wrists and about her
neck and carries in her hands is re-
sponsible for the rise of ten to fifty
per cent in the price of furs, accord-
ing to word Oneat Brothers, local
furriers, have received from Detroit
buyers. The Detroit firm showed
quotations cabled by a London fur
firm, indicating the general increase
in prices. The majority of the in-
creases are fifty per cent.

There was a big falling off in
prices on furs last winter due to the
European war. The big conflict al-
most cut the fur buyers out of run-
ning. But fur has come back in the
United States. It is all the rage on
all women's garments, and this has
created the demand and caused the
prices to rise.

LIBRARIANS IN
SESSION TODAYDistrict Meeting is Addressed by
Secretary of State Library
Commission.

EIGHT CITIES REPRESENTED

The annual meeting of the libra-
rians of this district was held this
afternoon in the rest room of the
city library. Problems of especial
interest to the librarians were dis-
cussed, such as laws dealing with
libraries and the establishment of
Carnegie libraries.

It was originally planned by Miss
Mary Sleeth, of this city, chairman
of the association, to have Prof.
Harlow Lindley of Earlham college,
secretary of the Indiana Historical
Commission, address the librarians
on the centennial to be celebrated
next year. Prof. Lindley found it
impossible to attend the meeting.

The principal address of the
meeting was given by Henry N. San-
born, Indianapolis, secretary of the
state library commission. One other
member of the state commission was
present at the meeting. This mem-
ber was Mrs. Elizabeth Earl of Con-
nersville. Mrs. Earl also addressed
the meeting.

Before the meeting adjourned a
new chairman was to be selected
and a place for holding next year's
meeting was to be named. It has
been the custom to select the city,
which is the home of the chairman,
for the next meeting.

Cities represented here today were
Richmond, Cambridge City, Ander-
son, Connersville, Liberty, Knights-
town, Pendleton and Carthage.

BRITISH RAGE
AT EXECUTIONExpect to Renew Activity Because
of Killing of English Nurse,
Edith Cavell

ENLISTMENTS VERY BRISK

She Was Executed, According to
American Minister's Report With-
out Anything Being Proved.

(By United Press.)

London, Oct. 22.—British rage
and horror at the execution by the
Germans at Brussels of the English
nurse, Miss Edith Cavell, fully re-
ported in a communication from
Brand Whitlock, American minister
in Belgium, promised to stir England
to renewed activity.

Enlistments were unusually brisk
today and this was generally attrib-
uted to a feeling of rage against the
Germans aroused by the Cavell case.

What little talk there has been
lately of the possibility of restored
peace has also been effectually sil-
enced. The Cavell incident appears
to have done more than any previous
event to crystallize the thoughts of
the nation in favor of waging the
war to the bitter end. By helping
British and French soldiers and Bel-
gians of military age to get out of
Belgium and across the channel to
England, Miss Cavell had committed
a technical offense, which exposed her
to the death sentence under the
strict letter of military law, as en-
forced by the Germans. This was
admitted by the London newspapers.

Her actual execution, however, in
view of the fact that no exact act
had been established against her,
and herself denying it, and the fact
that as head of the Brussels Medi-
cal Institute where she cared for
wounded Germans as readily as the
soldiers of her own country, was de-
nounced by the entire press as be-
yond belief.

LOSS OF 60,000

(By United Press.)

Athens, Oct. 22.—The Servians
have repulsed the Austro-Germans
on the north Servian frontier with
enemy casualties at 60,000," an-
nounces, a message from Nish to
the Servian legation here today.

MORE TROOPS SENT

(By United Press.)

Washington, Oct. 22.—Another re-
giment of infantry was ordered to
Brownsville by Secretary Garrison
today to re-enforce General Fun-
ston's border patrol. The twenty-
eighth was ordered from Texas City
and the Twenty-third was ordered
from Jacksonville, Fla.

WILL REMAIN AT NISH

London, Oct. 22.—The Servian
government will remain at Nish, the
legation here announced today.

"General Depres-
sion"

It seems as if this most annoy-
ing of all warriors "General
Depression" has been put to
rest.

Certainly he is now beating a
most vigorous retreat.

Good crops heavy European
trade and "General Optimism"
have been too much for him.

Business is reviving. Em-
ployment is more numerous.

People are developing the
buying spirit.

Merchants and manufactur-
ers will find this a splendid time
to begin their newspaper adver-
tising campaigns.

Fall Festival and Horse Show

Bear in Mind—All roads lead to Rushville Oct. 25 to 30.

The Horse Show and attendant entertainment of our Fall Festival this year will be the best in our history. You should and will assist the management by attending yourself and bringing others with you. The logical location of our store will make it a suitable and convenient headquarters. We invite you to use it as such.

The most searching scrutiny of our high class stock is always to be desired by us, and you will find our best service at your command.

GUFFIN DRY GOODS COMPANY

Featuring "Ladies' Ready-to-Wear"

TO MEET THEIR OCTOBER BILLS

State Authorities Issue Call For Advance Payment of Taxes From The Counties.

ONE IS RECEIVED HERE

Money Asked is to Replenish General, Educational and Benevolent Institution Funds.

County Treasurer Williams has received a call from the state finance board for an advance payment of county taxes. The advance payments must be made before November 1. The fall taxpaying period will end on that day, but the state authorities have to have the fall taxes before they are all paid in for the purpose of meeting October bills. It is not stated where the money is coming from to meet November bills and the bills of other months that will fall due before the spring installment of taxes begins to come in.

Taxpaying in the several counties is at its height just now and it is expected that the advance payments which will roll on from the county treasurers will aggregate at least \$500,000 or \$600,000.

The money which the state is asking the counties to supply in advance of the regular settlement time will be used to replenish three state funds, the general educational and benevolent institution funds. The money will be expended to meet the state's October bills which are payable in November.

The fact that several specific appropriations by the recent Legislature have just become due is given as one reason for the heavy demand for money just now. No bills to be paid from the general fund and due are now outstanding, according to the finance board.

The finance board asserts that it established a new record for the last eighteen years when July, August and September, the last three months of the fiscal year, passed without an advance call for payments being made. It is asserted that it will not be necessary for the state to borrow any money between now and the close of the present calendar year. Members of the finance board are the Governor, the auditor and treasurer of state.

AFTER GRIPPE

Mrs. Findley Made Strong by Vinol.

Severy, Kans.—"The Grippe left me in a weak, nervous, run-down condition. I was too weak to do my housework and could not sleep. After trying different medicines without benefit Vinol restored my health, strength and appetite. Vinol is a grand medicine and every weak, nervous, run-down woman should take it"—Mrs. Geo. Findley.

Vinol, our delicious cod liver and iron tonic, sharpens the appetite, aids digestion, enriches the blood, and builds up natural strength and energy.

FIRST WOMAN CHAUFFEUR.

London, Sept. 24. (By Mail)—England's first royal "chauffeur," or whatever you call a woman chauffeur, is Dot Carson, member of the Volunteer Aid Detachments the war called into being has the honor not only of being the first woman chauffeur to drive Queen Mary but even to be complimented by the latter on the achievement.

Queen Mary decided to visit Barn House at Whitstable. There was not a single male chauffeur to meet Her Majesty at the station. Miss Carson took his assignment, acting not only as a chauffeur but also as footman. She is 18.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

NOW RESISTING
TUETON ENEMY

Serbian Devote More Time to Austro-Germans and Let Bulgarians Have Their Way.

ALLIES WILL TEND TO THEM

Troops Rushed to North Indicate Serbians Fear Tuetons More Than Neighbors.

Paris, Oct. 22.—The Serbians (By United Press.) were resisting the Tuetone invasion from the north more energetically than ever today. They reported throwing the invaders back at various points.

That the Austro-Germans were at least in trouble was believed. It was pointed out that they themselves told of no appreciable advance. News that the Serbians were not now going to remove their capital from Nish was thought to corroborate their story of a better situation.

The Bulgarians were half way across the south country from its eastern frontier as proved by their occupation of Kumanovo.

This army seemed the only formidable one Bulgaria had in the field. Her other invasions were believed to be near raids. The forces at Kumanovo were striking into territory Bulgaria is known to wish for herself.

The Serbians seemed to be resisting hardly at all. Instead, they were rushing troops out of that region to reinforce the northern front. Experts here thought this meant Serbian decision that the Tuetonic invasion was more dangerous than the Bulgarian campaign, leaving it to the allies to drive the Bulgarians out as soon as enough of them reached Salonika.

This was understood to be the strategy approved by the Paris and London war offices. From the allies standpoint the Balkan situation was considered a little improved.

Amusements

The Princess offers a two act drama "The Law of Love" for the first picture of tonight's program. Madge Kirby and Charles Mailes are featured. It tells a dandy story of college life and is said to be a fine drama. The other picture is a comedy entitled "Her Romeo." Billy Reeves and Mae Hoatley are featured. Tomorrow matinee and night a two act comedy "The Cave on Thunder Cloud" will be shown.

Thomas H. Ince presents Edward Connelly in "The Devil" at the Gem tonight. It is said to be a five reel masterpiece and Mr. Connelly is supported by Bessie Barriscale, Arthur Maud, Clara Williams and Rhea Mitchell. The picture is taken from the legitimate play of the same name and the plot is especially strong. Tomorrow night the two reel drama "Dr Jekyll and Mr. Hyde" will be shown. King Baggot is featured in this drama.

Engraved Wedding Stationery.

If you want the best in Wedding Invitations or Announcements we will be pleased to figure with you. We represent the best engraving company in the United States. Comparison will convince you. The Daily Republican.

The choir of the First Presbyterian church will hold an exchange next Saturday at the Davis Millinery store. 189tf3

DIES AT HER HOME
NEAR HENDERSON

Mrs. Abe Whitlock, Age 61 Years, Succumbs to Cancer and Heart Trouble Thursday Night.

LEAVES MANY RELATIVES

Mrs. Adeline Whitlock, 61 years old, wife of Abe Whitlock, died last night at her home near Henderson, after a several months illness from cancer and dropsy. Mrs. Whitlock had been in a critical condition for some time and her death was not unexpected.

She is survived by her husband and one daughter, Mrs. Charles Kennedy, of near Carthage. She also leaves six sisters, Mrs. Alva Newhouse of this city, Mrs. Thomas Cline, Mrs. William Ramsey, Mrs. Albert McMichael of this county and Mrs. Charles Guild of Covington, Ky., and Mrs. Bert Ward of Columbus, and one brother, Jehu Smith.

The funeral services will be conducted Saturday afternoon at one-thirty o'clock in the Hannigan Christian church and burial will take place in the church there.

With The Churches

+Regular services at St. Mary's Catholic church, conducted by the Rev. M. W. Lyons. Masses at 8:00 and 10:00 a. m.

+There will be preaching every Sunday school at 9:30 o'clock. Sunday at the Glenwood M. E. church. Morning services at 10:30 o'clock, evening services at 7 o'clock

+Regular services will be held at the First Baptist church Sunday, with Sunday school at 9:30; preaching services at 10:30, with a sermon by the pastor, the Rev. S. G. Huntington, on the subject, "The Christian Harvest," and a sermon at seven in the evening by the pastor on the subject, "A Green Olive Tree." Revival services, to be conducted by the pastor, will begin a week from Sunday night.

+Regular services will be held at the Big Flatrock Christian church Sunday. In the morning the sermon will be by the pastor, the Rev. E. E. Kuhn. In the evening the Rev. C. M. Yocum, pastor of the Main Street Christian church, will preach at 7:15 o'clock. He is conducting a revival at the Big Flatrock church.

+Sunday school will be held at 9:15 o'clock Sunday morning at the Main Street Christian church as usual. The pastor, the Rev. C. M. Yocum, will preach at 10:30 on the subject, "Individual Responsibility." In the evening at seven o'clock the Rev. Mr. Phillippi of Milroy will preach. All members are urged to be present at all services Sunday to prepare for the revival which begins November 7.

+The Rev. A. W. Jamieson will preach both morning and evening at the United Presbyterian church Sunday. The subject of the morning sermon is "A Silver Dollar" and in the evening he will preach on the subject "Jerusalem." Special services lasting two weeks will start on November 2. The Rev. S. R. Jamieson of Oxford, Ohio, will assist the pastor.

+The regular services will be conducted Sunday at the Glenwood United Presbyterian church. The pastor, the Rev. A. W. Jamieson will preach at two o'clock.

HUGH MILLER FOR UNITED STATES SENATOR.

Hugh Th. Miller is a candidate for the Republican nomination for United States Senator. He has given out the following statement:

"I want to be nominated for and elected to the United States Senate. My experience in the last campaign, and my investigations since have shown me that, when nominated, I can count on the united support of all the Republicans of 1914 and make a

convincing appeal to those former Republicans who had not yet rejoined us at the last election.

"As in 1914, I want to go to the voters with the fundamental principles of Republicanism; patriotism and equal rights—a devotion to the welfare of the Republic that will conserve and defend it, whether from domestic foes, as in the 60's, or from future foreign assault—a devotion to the welfare of all Americans that frees the slave, protects the farmer, mechanic and manufacturer against unfair competition from abroad, and removes inequalities and injustice from the path of the voters, the taxpayers, the workmen, the business men, the women

and children of America. Guided by these primal principles of patriotism and equal rights, I want to be one of a Republican majority in Congress which will continue the fight against inequality and injustice, which will restore prosperity, abolish sectionalism, curb extravagance and promote efficiency in business and in government. I want those who expect to support me to send me at Columbus their suggestions and any information that will promote my candidacy."

Hugh Miller needs no introduction to the voters of Indiana. Born forty-eight years ago on a farm in Johnson county and reared there, Mr. Miller received his higher education at Butler college, studying later in European universities. He was for ten years a member of the Butler college faculty, resigning in 1899 to take up a business career in Columbus, where he is vice-president of Irwin's bank.

Three years after moving to Columbus, Mr. Miller made the race for representative in the Democratic county of Bartholomew, being elected and making an enviable record in the session of 1903. He was nominated for Lieutenant Governor in 1904 and elected, carrying Bartholomew county by more than five hundred votes, the largest plurality ever given a Republican candidate in the county.

Lieutenant Governor Miller's record for efficiency and impartiality in the Senate is familiar to all. No decision of his was ever appealed from. He was a candidate for the Republican nomination for Governor in 1908 and was nominated for United States Senator in 1914. Despite the discouraging outlook for Republican success in the latter year, Mr. Miller made a vigorous canvass and polled a remarkable vote in the race with Senator Shively and former Senator Beveridge, exceeding the Taft vote of 1912 by 75,499, or 50 per cent.

Governor Marshall appointed Mr. Miller trustee of the Central Hospital for the Insane at Indianapolis, and Governor Ralston reappointed him. He is a director of Butler college and a member of numerous political, literary and civic organizations in Columbus and Indianapolis. He married Nettie Irwin Sweeney, daughter of Rev. Z. T. Sweeney, of Columbus, in 1900, and has two children.

(Advertisement.)

ted to English merchants and the growth of commerce between America and neutral countries being restrained. The Merchants' Association has protested to the State Department and there is a growing expectation that some pretty definite results will follow, particularly as Secretary Lansing has been well reinforced by the elevation of Frank L. Polk to the Counsellorship of the Department of State.

Meanwhile the failure to secure the release of the American goods held in Holland and to obtain redress for the packers whose cargoes of beef have been confiscated have shown the futility of private negotiations and have enforced the necessity for the Government to act.

There has been an interesting sequel to the recall of Consul General Skinner, who displeased Great Britain by informing this Government of the English practice of reselling seized American cargoes. Mr. Skinner is not to be rebuked, but is to be promoted in the diplomatic service.

Over in New Jersey a tax collector has solved the problem of making delinquents pay up. He simply announced that on a certain day he would publish the names of the delinquents in the local newspapers, and then sat down behind his desk and raked in the money. When the threatened day came every cent of tax due the town had been paid. They do it differently in New York where they go through the form of selling a man's property for unpaid taxes, but make the buyer wait three years to get possession, meanwhile letting the delinquent remain in full enjoyment of the property, with the right to redeem it within three years.

Woodrow Wilson is 59 years old, has been discussing public questions for thirty years, was earnestly importuned for two years to make known his attitude on the woman suffrage question, and his position on that issue has just been become known. Although a reputed advocate of pitiless publicity he is certainly a master of concealment. Few politicians are adroit enough to evade committing themselves for so long a period of time.

The Boy Scouts of America are being attacked with rare impartiality as too military and as not military enough. The fact is that the training of a Boy Scout does not include the manual of arms, but it does give him other qualifications for a good soldier, in teaching him hiking, camping, endurance, self-reliance and discipline.

Speaking of values, someone has just figured out the cost of the perfectly good buildings that are destroyed in New York in a year to make way for bigger, more modern ones. Of Manhattan's 92,749 structures according to a writer in the New York World a thousand, worth \$10,000,000 are torn down annually to make more room "on top."

Now we are favored with a new word. As if it were not enough to have "jitney" we are called upon to masticate "jitneur," which leads the Times to ask whether we are coming to "wagoneur" and "car driver." A futile effort was made some years ago to condemn the innocent motor-man to the title "motoneur."

According to a man whose name sags in the middle, Dr. H. Barringer Cox, he has invented a contrivance that can be wrapped about a man under his waistcoat, so he can be his own wireless, sending and receiving messages as he walks. Next!

Current Comments

No Diplomatic Triumph

(Washington Herald)

It is quite true that diplomatic exchanges between Germany and the United States extending over a period of more than seven months have resulted five months after the destruction of the Lusitania and the killing of 115 American men, women and children, in removing the danger that war between the two nations would be the outcome of Germany's ruthless sacrifice of the lives of non-combatants on the high seas. But it is not true that the result is a great diplomatic triumph for the United States. Germany, through the deeds of her submarine commanders, has defied every one of our warnings and

Furnace comfort and efficiency at less than heating stove cost

EVERYBODY who has a house to heat should be vitally interested in this remarkable new hot-air heating system that costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

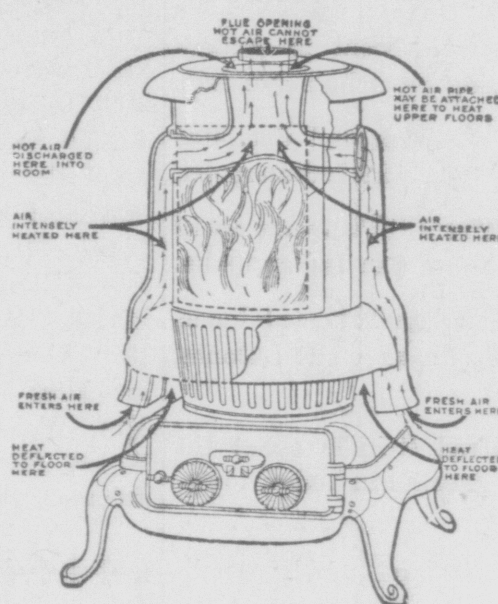

Estate Hot Storm

—the Stove with a "Little Furnace in it"

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For the interior is utterly different from any stove you have ever seen; inside it is built like a hot air furnace.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the top of the Hot-Air Chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

Saved fuel pays for it

Only a very small percentage of the heat is allowed to escape up the chimney, for the Little Furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. This results in an amazing saving of fuel—a saving so great that your Estate Hot Storm will soon pay for itself. And after that it will pay you.

All we ask you to do is to investigate the Estate Hot Storm—give us an opportunity to explain it to you—before you buy a stove of any kind. You owe it to yourself to do this.

GUNN HAYDON

Rushville, Ind.

we have been given every reason to believe that she would still be defying them but for the fact that such havoc has been wrought among her undersea boats as to make their further operation, if not impossible, altogether too hazardous in comparison with the ends to be gained. Official information has come from Great Britain to the effect that within the past few weeks war on the submarines has developed surprising effectiveness, large numbers of them having been captured or crippled. Germany has abandoned her submarine warfare against merchant shipping because the waters were made too hot for her. She has not yielded to the diplomatic representations of the Washington government, but the the prowess of the British navy.

HOOSIER HISTORY

The Know Nothings in Indiana.

Being an oath bound, secret organization, it has always been difficult to trace the history of the Know Nothings. From the abuse heaped upon them by the Indiana Democrats it is to be inferred that the party had a considerable following in this state. One speaker referred to them as associating with the bats and the owls, burglars and housebreakers. Another told how to detect them: "They meet among the weeds and dog fennel and when you smell dog fennel you may know there is a Know Nothing about." The Know Nothings identified themselves with the new Republican party which introduced a plank in favor of a more conservative policy in the naturalization of foreigners.

To Regain Markets

Speaking of the question of "dumping" and of trade competition following the close of the war, the editor of the Pittsburgh Gazette-Times gives expression to some good horse sense. He calls attention to the fact that the industrial plants of Germany are unimpaired and that throughout the war an association of Germany manufacturers and financiers has been busy perfecting plans for regaining markets after peace is restored and goes on to say:

"But in the more recondite workings of political and social economy there are factors which will have important influences in the impending fight for markets. The poverty of Europe and the prosperity of the United States may work to the advantage of the former, as a competitor, and against the latter in the struggle. For example, the habit of self-sacrifice imposed even upon non-combatants of Europe while the war is in progress, and the tremendous burden of Europe will follow peace for years to come as a result of unprecedented war debts, will make it easier for English, German and French people of all classes to consume less and produce more. They might be likened to an individual who is working off the mortgage on a home. He is more economical in personal expenditures and more industrious in production than the individual who spends as he earns. The prosperity of the United States with its rapidly increasing wealth, the higher wages of its workmen, which make possible the gratification of creature comforts; the rising scale of living, which converts luxuries into the necessities of life—all these things add to the cost of production and become a determining factor in international trade."

It is Popular

The support which has been given

the preparations for the fall festival and horse show this year indicates that it is one of the most popular things that ever was attempted in Rushville. The citizens of Rushville are behind the thing almost unanimously, which means that there is a most wholesome atmosphere here just now.

The fall festival may be viewed not so much for what it is worth now, but for what it may be worth in the future. We have seen other cities give fall corn shows and other celebrations of many kinds. There are great chances that the horse show and festival will grow into something greater than anyone anticipated.

We have all noted the decline of the county fair. It is an established institution in which everyone should have the proper pride, but at the same time it does not receive the popular support that it should. Who knows, we may all see in the near future a greater and bigger public celebration grow out of the fall festival and horse show and entirely supplant the county fair!

A Chance to Help

Today a corps of earnest and energetic instructors are laboring to implant in the minds of the children of the community that knowledge which will enable them to cope with the innumerable obstacles which beset the rocky road of life.

What have you done to encourage the teachers?

Have you been to the school to lend them the inspiration of your presence, to let them know and understand that your heart is with them in their work of educating your children?

Your visit may not mean much to you, but it has its effect upon both pupil and instructor. To the pupil it is an evidence that while they are in the hands of others they are yet uppermost in your thoughts and that you are keeping a watchful parental eye to their welfare. To the instructors it signifies your moral support, your confidence in their efficiency and your undiminished interest in the welfare of both.

More Exposures

The New York World has resumed its exposures of British interference with American commerce, revealing that English cable censorship is costing American firms millions in ruined trade, business being diver-

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

BY GEORGE R. HOLMES

(U. P. Staff Correspondent.)

New York, Oct. 22.—Two of the best football battles of the 1915 season will be fought tomorrow on Eastern gridirons, with Harvard clashing with Cornell at Cambridge and Princeton taking on Dartmouth at Old Nassau.

Not often is so delectable a football table set for October consumption. The comparatively new stunt of putting out good games before November and her chilly blasts blow is proving popular.

The Princeton affair should prove a hummer. Dartmouth this year has one of the most formidable scoring machines in Eastern football, as proven by her running up 74 points against her opponents' none in the first three games. The Green licked Maine by a larger score than Yale did and she licked the Amherst Aggies by a larger score than did Harvard.

Princeton has had a hard road to travel all year. Handicapped by the strangeness of a new coaching regime, the Tigers have slid through the season barely getting over their

Syracuse's goal line, and won out wins.

Princeton was unable to cross late in the game on a placement kick by Tibbott. The Orange and Black also was barely able to beat out Rutgers by a 10 point margin. For three quarters she was held scoreless by the big Rutgers team, only winning out in the last quarter.

Cornell and Harvard resume gridiron relations this year after a several years' lay-off. Cornell has three victories to her credit this season all over small colleges and Harvard has the same general record. Both teams have been scored on.

Yale should find an easy customer in Washington and Jefferson. The old team of W. and J. stars that trimmed the Elis last year has largely faded away.

A line on the comparative strength of Uncle Sam's kids, the Army and Navy, can be had tomorrow night. The Cadets play Georgetown tomorrow, and Georgetown licked the Middies several weeks ago by a 9-0 score.

Georgetown also played Princeton, losing 13 to 0, but putting up a great fight, and the Soldiers can shake hands with themselves if they come through with a victory.

PYTHIAN TEAM WON FINAL CONTEST

Maintained Perfect Percentage at Expense of Kaysees—Elks Finished in Second Place.

FOURTEEN TO FIVE SCORE

The Knights of Pythias defeated the K. of C.'s yesterday 14 to 5, in the final game of Fraternal league season. The K. of P. team had little difficulty turning the trick. With Tompkins in the box and Fisher behind the bat the K. of P.'s went into the game to maintain their perfect per cent in the final league standing. Fitzgerald, McKee and O'Neil formed the Kaysee battery.

The game yesterday ended the league season. First place went to the K. of P. team, which finished with a perfect percent having won six games. The Elks finished second, losing three and winning three. The Knights of Columbus finished third with two games won and four lost and the Red Men brought up the rear with one game on the won side of the ledger.

EXPECT 35 PERSONS IN BOOSTERS CROWD

I. U. Alumni Hear Today Six Automobiles Will Bear Delegation of Alumni Here Saturday.

WILL BE MET BY COMMITTEE

J. H. Scholl, chairman of the local committee appointed to boost for the football game between Indiana university and Washington & Lee University in Indianapolis October 30, received a telephone message today from Dan V. Goodman that a delegation of I. U. alumni would be here Saturday in six automobiles. There will be about thirty-five persons in the crowd. Their machines will be liberally decorated and the delegation promises to have some noise-making devices.

Several alumni and friends of Indiana university here have consented to decorate their machines and accompanied by a local delegation, proceed west of the city and meet the Indianapolis people and escort them into the city. A special luncheon has been arranged at the Windsor hotel and all friends and alumni of Indiana are requested to attend.

Commissioners' Sale of Real Estate

Notice is hereby given that the undersigned as commissioner, by order of the Rush Circuit Court in cause No. 323 wherein Henry S. Steele et al. are plaintiffs and E. Washington Veatch et al. are defendants, will offer for sale at private sale to the highest and best bidder at the law office of Kiplinger & Smith in the city of Rushville, Indiana, on

the 10th day of November, 1915, at 10:00 o'clock a. m. and from day to day thereafter until sold, the following described real estate in Rush County, State of Indiana, to-wit:

Part of the west half of the northwest quarter of section six (6) township thirteen (13), Range nine (9) east, beginning fifteen (15) rods, seven (7) links north of the southwest corner thereof, thence north forty-nine (49) degrees, forty (40) minutes, east thirteen (13) rods, twenty-four (24) links to a stone, thence north twenty-six (26) degrees forty (40) minutes, east thirty-four (34) rods, twenty-two (22) links, thence north three (3) degrees fifteen (15) minutes east to south line of the land owned by Elias W. Veatch, thence west to the west line of said section, thence south on said section line to beginning. Also twenty-five (25) acres off of the south end of the east half of the north east quarter of section one (1) township thirteen (13), Range eight (8) east, containing forty (40) acres more or less.

Also the south end of the west half of the northeast quarter of section one (1), Township thirteen (13), Range eight (8) east, containing twelve (12) acres and sixty (60) rods, it being the entire interest in the forty-five (45) acres of the late Deen Willis estate and for further description it being twelve (12) acres and sixty (60) rods out of the southeast corner of the above described forty-five (45) acres containing twelve and one-half (12½) acres more or less.

TERMS OF SALE—Said sale will be made on the following terms and conditions: One-third (1/3) cash on day of sale, one-third (1/3) in six months and the balance in twelve months; deferred payments, if any, to be evidenced by notes of the purchaser bearing interest at six per cent from date and secured by first mortgage on the real estate sold, purchaser having the option of paying all cash.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

HELPED SWELL CROWD OF 15,000

Thirty Masons and Their Wives
From Here Attend Cornerstone
Laying Thursday.

200 LODGES REPRESENTED

Ceremony at Administration Building of New State Home Witnessed by Immense Throng.

Thirty Masons and their wives helped to make the crowd of 15,000 people at the cornerstone laying of the new Masonic state home at Franklin Thursday. The delegation went from here in automobiles. The Knights Templars, participated in the parade in the afternoon. At least two hundred lodges were represented and about five hundred motor cars took visitors to Franklin.

Special delegations went by automobile from Columbus, Greensburg, Greenfield, Knightstown, Martinsville and Rushville. It was the largest crowd Franklin ever has entertained.

The most elaborate decorations ever attempted by the citizens of Franklin were in evidence throughout both the business and residence districts. In addition to thousands of yards of bunting, which covered the business buildings, and graceful welcome banners, which were strung across the streets, American flags waved from almost every home in town.

An impressive parade was the initial feature of the day's program. Headed by Maj. J. H. Tarlton, grand marshal, the Franklin division formed at 1:30 o'clock and was in line to welcome Raper Commandery No. 1 of Indianapolis when the Indianapolis delegation arrived on a special train at 2 o'clock. On the train were also Grand Lodge officers, Masonic home building committee and about 700 Masons from the Indianapolis chapters.

The parade was more than a mile long. There were 300 uniformed Knights Templars in line and more than 1,200 blue lodge Masons. The Grand Lodge officers rode in elaborately decorated motor cars. The Indianapolis Military Band provided music.

At the home grounds Charles P. Benedict, grand master of Indiana, delivered the principal address. He told of the purposes of Masonry and described the benevolent work undertaken by the order in various countries.

He said Kentucky was the first to establish a Masonic home and that Indiana was among the last states to recognize the need of a state home. He gave the Eastern Star large credit for the inspiration and enthusiasm of the home movement in Indiana and especially mentioned the untiring and efficient efforts of Mrs. Nettie Ransford past grand matron of the Eastern Star. He appealed for support of the plan to establish an endowment for the home and closed his address with an eloquent eulogy of Masonry.

The corner stone was laid with full Masonic ceremonies by Dr. O. E. Holloway, past grand master and chairman of the building committee. He was assisted by officers of the Grand Lodge. Following the cornerstone laying addresses were made by Frank E. Gavin and Lincoln V. Cravens, both past grand masters and members of the building committee. The service closed with "America," sung by the audience, and the benediction by the Rev. Charles A. Lippincott, grand chaplain.

After the ceremonies the immense throng hurried back to the Court House Square where Raper Commandery No. 1 of Indianapolis gave the most perfect drill exhibition ever put on here by a Masonic drill team. The Indianapolis Military Band also gave a short concert on the streets just before the special train took the Indianapolis delegation back home.

TO SEND MORE MEN TO MEXICAN BORDER

United States Authorities Also Confer on Probable Cause of Repeated Outbreaks.

CO-OPERATION IS ASSURED

(By United Press.)

Washington, Oct. 22.—Rushing of additional troops to the border was one of the several steps begun here today toward ending the reign of terrorism said to exist along the Texas-Mexican frontier.

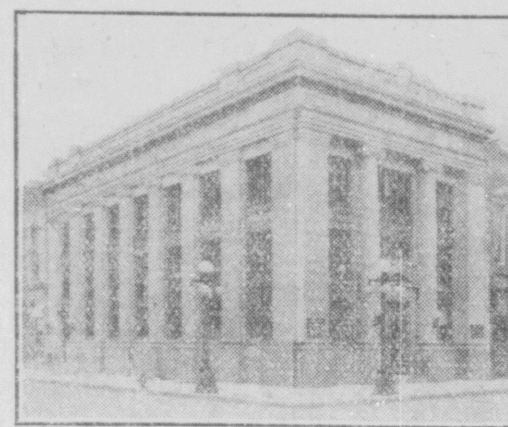

Secretary Garrison called on Attorney General Gregory for secret service assistance and the attorney general spent some time with the president discussing the situation. Full co-operation with the war and treasury departments was assured by Gregory.

It became an open secret that many administration members believed there is more to the outbreak along the border than mere lawlessness of bandits; that the source of continued attacks may be found in American interests hostile to the recognition of Carranza and still hoping to bring about intervention.

If the outlaws have such inspiration, it is expected the justice department will be able to run down the conspirators. The secret service on the border will be reinforced "as rapidly as the department facilities permit," was the statement following the attorney general's talk with the president.

Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit it inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Johnson's Drug Store have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

THE AMERICAN TOBACCO COMPANY

PROTECT GARDEN AGAINST WINTER

Department of Agriculture Says

Some Plants May be Left Out
And Will Survive

OTHERS MUST BE DUG UP

Some Advice is Given Concerning
Flowers That Are Most Gen-
erally Used

Washington, Oct. 22.—At this season many inquiries come to the United States Department of Agriculture regarding the protection of garden plants and shrubs during the winter. Such flowers as peonies and hollyhocks will come up again the following year if they are properly protected during the winter, while others like cannas and dahlias, which are more accustomed to warm climes, must have their roots or bulbs dug up and stored in a cellar.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

The Department's specialists give the following suggestions for "putting the garden to bed":

HARDY PERENNIALS

Cover hardy perennials, such as peonies, larkspur, hollyhocks, columbines, iris, platycodons, and perennial poppies, with a good coating of manure or other litter to a depth of 3 or 4 inches. In more southern localities this will hold the frost in the ground and keep the plant from alternately freezing and thawing; in more northern regions the manure will protect the plant from freezing to a depth that will cut off its water supply.

CANNAS AND DAHLIAS

As soon as the tops of cannas, dahlias, gladioli, caladiums and similar plants are killed by frost, dig up the roots or bulbs and store them in a cellar where the temperature will remain at 55 degrees, and should never go below 50 or above 60 degrees. Do not shake any more earth from the clumps of cannas and dahlias than is necessary in removing them from the ground. Place the plants on racks or in slat boxes so the air may circulate freely through them. No frost must reach the roots nor must they become too warm or dry.

HYDRANGEAS

Hydrangeas (semi-herbaceous) in the South will last through the winter out-of-doors, if properly cared for. The tops should be protected with straw or brush. This may be held in place about the bushes with a little manure or stones. The flower buds of the hydrangea form in the fall, and this cover will keep them from winter-killing while shielding the bush from winds and sun. In the North hydrangeas must be taken up, planted in tubs and placed in the cellar. This is generally true of latitudes north of Philadelphia.

ROSES

Almost all kinds of roses are hardy in the vicinities of Washington, D. C., and St. Louis and to the south of a line drawn between these points. From Washington northward local conditions influence the successful cultivation of certain varieties. Some roses, as the briar and rugosa, need no protection, but other varieties, such as the hybrid-

perpetuals, teas, and hybrid-teas, need special care, particularly north of the fortieth parallel. Teas and hybrid-teas hardly succeed in Chicago although hybrid-perpetuals grow as far north as Canada. All these classes do well on Long Island and in Boston near the sea when the proper care is given them. These varieties in the vicinity of Washington need merely a little manure on the ground to prevent alternate freezing and thawing. Farther north, however, they should be treated as follows:

Cut the tops to within 30 inches of the ground. Cover the roots with coarse manure or leaves or similar litter. Hold this in place by evergreen boughs which also acts as a protection. Brush from deciduous trees or shrubs may be substituted for the evergreen boughs except in the most northern regions.

Mounds of earth about six or eight inches in height should be drawn about the base of the rose bushes to keep them from mice. As an added protection against mice, permit the ground to freeze slightly before winter protection is supplied. In fact, roses should not be protected until after the first light freeze, which may be expected in Washington, D. C., about the first of December, but earlier farther north.

CLIMBING ROSES

In the latitude of Philadelphia and farther south climbing roses usually need no protection during the winter unless they are a particularly tender variety. Farther north these roses need protection similar to that given to the tea and hybrid tea roses.

Where it is possible to do so, remove climbing roses from their supports, and cover the branches with a little dirt. A little fall trimming might be desirable to lessen the space occupied by the branches on the ground. Such side branches as are not to be needed for next season's blooming may be cut off. Such cutting off and shortening may be done in the fall before covering, merely for convenience.

Rush county home cured meats at Kramers. Smoked shoulders 15c per pound. Try one. 118tf

EXPECT FIGHT WILL DEVELOP

Still Under Surface But There is
Known to be Feeling Against
Candidacy of Mrs. Cox.

FAVORS NO SINGLE REFORM

Fight Against Her Because She is
Said to Represent Liberal
Element—Meeting Soon

(By United Press.)

Indianapolis, Ind., Oct. 22.—With the annual convention of the Indiana Federation of Clubs less than one week distant, the fight for the presidency has developed a bitterness, which, though still under the surface, has never been exceeded in Indiana's history, some of the leaders say.

Others deny there is a fight on for the presidency, and among these is Mrs. Lenora Hanna Cox, and avowed candidate. It is a "contest," according to Mrs. Cox, which need not cause bitterness.

The contest, as outlined by one faction, is to determine whether the Federation shall be controlled by a faction intolerant of the saloon or by one which will not engage in a definite fight against the liquor interests.

Because of the fight being made for and against Mrs. Cox, the United Press today obtained from her a statement, in which she answers two questions which are uppermost in the minds of Indiana club women:

Mrs. Cox was asked whether for any reason she would withdraw from the race for president, and she replied:

"I have not considered withdrawing my candidacy for the presidency of the Federation of Clubs for any reason."

She was asked whether she represented the "liberal" element among women?" and replied:

You ask whether I represent the "liberal" element among the women. If by "liberal" element you mean an element friendly or not hostile to the liquor interests, I know of no such element in the Federation. I think I may say that I represent an element among the women which desires that the federation attend to its own business, that of being a Federation of Clubs, and while lending aid and influence to all plans for social betterment, shall tie itself to no one reform."

The opponents to Mrs. Cox have produced one candidate, Mrs. Clark Fairbanks of Fort Wayne, having announced her candidacy. The convention convenes on Oct. 26.

Reports coming from Terre Haute the home of Mrs. Cox, charge that the liquor interests are seeking to control the women's clubs and thus prevent an active campaign against those interests by the Federation.

No sooner were these reports published than Mrs. Grace Julian Clarke for years a leader in the Federation, and an active supporter of Mrs. Cox, issued a statement in which she termed such insinuations "absurd." She said it was an "unwarranted attempt to misrepresent" the Federation. It was "twaddle," she said, and she called for proofs.

"This twaddle about the federation and the liquor interests originates with certain frenzied fanatics, consumed with personal ambition," said Mrs. Clarke.

The opponents to Mrs. Cox have not rested following the open championship of the candidate by Mrs. Clarke. They have gone in search of the proofs asked for by Mrs. Clarke. If the fight comes to an issue in the convention, it will be spectacular and bitter they said today.

NEW YORK FASHION NOTES

BY MARGARET MASON
(Written for United Press.)

Oh look who's here!

They're models, dear,

To show you what is smart;

If you'd be swell,

Just eye them well

And follow what they start.

New York, Oct. 22.—Miss New York certainly ought to know how to dress and where and when with all the divers Fashion shows going on for her benefit these last two weeks.

Mrs. Belle Armstrong Whitney started the fashionable ball rolling with her show at the Cohan theatre and left Miss and Mr. New York gasping at her display of beauteous model frocks and frills on even more beauteous living models.

She has now moved on to give Miss Philadelphia, Miss Boston, Miss Washington, Miss Chicago and all the other American Misses a chance to see what's what in the fashion line.

Then Wanamaker's and Gimbel gave their Fashion Promenades and the big Fashion show for the benefit of the Actor's fund at Carnegie hall added new tips and much zest with the confections shown to advantage on real live actress models.

May Irwin, Marie Dressler and Trixie Friganza were there of course but being perfect fifty-sixes they contented themselves and the public by being dainty little program sellers nor aspired to join the living model class.

Last but not least came Lucile's select opening. None of the common herd were admitted to this most exclusive of fashion shows. No two-dollar theatre ticket even could pry the hoi polloi into this most holy of holies.

Only the lucky possessor of a mauve, engraved card of invitation could hope to obtain admission; and even then the press of select ones was so great that special little gray-frocked venduers had to hold fast to the front door against encroaching and panting females.

Once inside the portals of 37 W. 57th street, which is the house of Lucile, Ltd., the lucky invited one settled down in the pearl tinted interior on a precarious gold chair and marveled amain.

To strains of the most insidious music, six of the most pulchritudinous models in captivity glided, (real honest to goodness models never walk), in changing raiment that would make even the lilies of the field fade away in hopeless unattainment.

Each and every toilette designed by Lucile has a pet name all its own. "Softly Purring" is a Champagne velvet gown, if you please; "What Every Woman Knows," a faded scarlet chiffon and silver tea dress; "I Miss You So," a black and white check velvet afternoon dress; "The Vibrant Heart of Heaven," a sapphire blue tulle and brocade evening gown; "Sniego 'wrotehka" a white velvet and black fox restaurant gown, and "Svand Allure" a black and silver brocade evening coat.

It really must take as much of an artist to christen the gowns as to design 'em. Think how trying it must be to Lucile as she lolls in her Louis Seize bed and thinks up first of a ravishing restaurant gown, a delectable tea dress or a fascinating dance frock, to have a waiting secretary or one of her entourage say:

"Well, now that you have thought the dress, what are you going to name it?"

I understand Lucile designs her most successful creations in bed. Some of them look like it. It wasn't so much the frocks that left me gasping as the models wavered by, but their hair. Goodness knows the gowns were amazing enough with their tightboned bodices, full crinoline skirts and all the earmarks of 1850, but the most amazing of all was the coiffures. I wonder does Lucile design them too.

One model wore her hair parted in the middle and smoothed down tight and slick in front with a little tight braid draped down around each ear.

A blonde had hers parted in the middle and also licked down over each ear and slicked up in the back until it erupted in a fan-shaped loop on the top of her head.

Yet another blonde in a wondrous white satin and green embroidered dance frock dubbed "To Smile

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Again" had her hair all peeled back from her face and one in a coronet braid stuck through with a diamond arrow at such a killing angle as to guarantee the blinding of her first dancing partner of the evening.

Aren't you just dying to buy heaps of Lucile models so you can languidly say: "Well, I guess I'll wear my 'Over the Garden Wall' this morning; and this afternoon I'll slip on 'My Part I'll Play,' but I just can't make up my mind whether to wear 'Ghosts of Dead Roses' or 'Sun Blest Are You' for this evening?"

MISS BUTLER RECOVERING

Lewisville Woman's Case One
Which is Nearly Always Fatal.

Lewisville, Oct. 22.—Miss Etta Butler, who was seriously injured in an accident, early in August, has returned home from the M. E. hospital, Indianapolis, where she has been under the care of Dr. J. L. Oliver, the well known specialist.

Miss Butler is slowly recovering from a most remarkable injury, her back being broken entirely apart, just above the waist line. Eighty-five per cent of such breaks being fatal, her case is being watched with much interest by prominent physicians of Indianapolis. Miss Butler is now able to sit up, and walk a little, although compelled to remain in bed most of the time.

Just Try Rheuma No Cure No Pay

That is the Basis on Which Drug-
gists Offer This Great Remedy
For Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatica, or gout, for it is sold by Johnson's Drug Store and all druggists at 50 cents.

It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to misery-racked bodies.

"I had rheumatism for a long while, and was not cured until I used Rheuma. My advice to those suffering from rheumatism is to use this great remedy, as I believe it will effect a cure in any case."—C. B. Lanham, Staates, W. Va.

Rheuma is also good for lumbago, neuritis, neuralgia, and kidney troubles.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; no cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

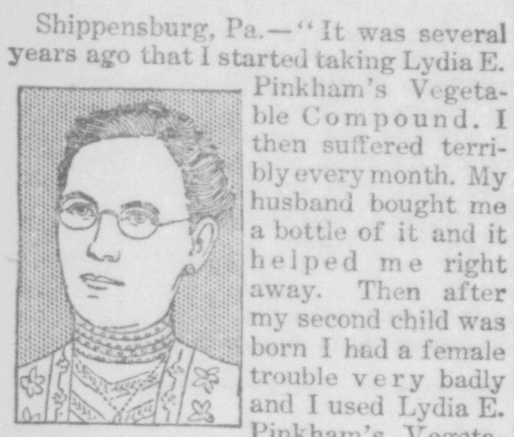

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

MORE STATES PROTECT GAME

New Laws Have Been Passed And Big And Little Game is Now Protected Rigidly

DEER IN THIRTY-SIX STATES

Cotton Planters Warned That Boll Weevil is Not Likely to Die Out Very Soon

(By United Press.)

Washington, D. C., Oct. 22.—Legislation to protect the game of the country has been enacted during 1915, and a summary is included in Farmers' Bulletin 692.

In 9 states changes bring the closed seasons in the States for migratory birds into harmony with the Federal regulations. A limit on the number of waterfowl a sportsman may shoot in a day was fixed in Arkansas and Connecticut. Most States fix a limit of 25 or less per day. All but 14 of the States which permit quail hunting now have a limit of 20.

Big game has received additional protection in many States. Hunting mountain sheep has been suspended in Idaho, Montana and Washington, and in Montana goats as well are protected until 1918. Maine moose may not be shot for four years. This is the first absolutely closed season for moose since 1880. In Wyoming moose hunting is permitted for the first time in 12 years, allowing the killing of 50 bull moose under \$100 licenses.

Deer hunting is permitted in 36 states, in one-third of which the hunter is limited to one deer a season, in most of the others to two. Seventeen States protect at all seasons, and a number require that only those deer may be killed which have horns of a definite length. Prairie chicken shooting is permitted in Indiana for the first time since 1907. Indiana, however, prohibits the use of artificial lights attached to automobiles for hunting game on or near a highway. Partridge hunters in Michigan also are prohibited from using automobiles.

Planters in the eastern part of the cotton belts are warned by the U. S. Department of Agriculture that they must realize the boll weevil is not at all likely to die out in the immediate future in any region that it has as yet invaded. There is a more or less general impression that the pest is dying out in Texas, but for this belief there is no ground.

Under normal conditions its spread takes place at about 50 miles a year. During the last two weeks in August, there was an advance of about 100 miles, which brought the pest into Georgia for the first time. One reason for this unusual spread is to be found in the series of very high winds which blew continuously toward the northeast.

In the territory infested this year conditions are such that the cotton may be picked unusually early. This will enable the fall broods of the weevil to be destroyed by uprooting and burying the plants, or burning them where necessary.

Excellent results against certain insects have been obtained with calcium arsenate, a new insecticide, the Department of Agriculture has been employing in extensive laboratory and field tests. The new insecticide is regarded as a promising means of controlling chewing insects on fruit trees. Here is the formula:

Stone lime (90 per cent
(Cao) -----55 lb
Sodium arsenate, fused (dry
powdered) 65% as 205-----100 lbs
Water -----26 gal.

Place the stone lime in a wooden container and add a small amount of water, just enough to start slaking. When slaking is well under way pour in the sodium arsenate which should first have been dissolved in hot water. Keep stirring until the lime has thoroughly slacked. Sufficient water should be added from time to time to prevent burning.

PORTION OF RUSSIAN ARMY DOES NOT YET KNOW THAT THERE IS A WAR

Oxford Student, Just Returned From Siberia, Says Natives Were Surprised to Hear of it.

LIVE IN PRIMITIVENESS

(U. P. Staff Correspondent.)

London, Sept. 24. (By Mail)—A portion at least of the Russian Empire has yet to learn of the war, according to Miss M. A. Czapliska, student at Oxford, just returned from an exploration of the northern wilds of Siberia.

She with several colleagues, made a thorough study of the strange peoples who inhabit the forests and marshes where the Yenesei river runs northward into the Arctic ocean. During the winter the party traveled 2,000 miles by reindeer sledges. The population of the great area regarded them as curious visitors from an unknown world and allowed them to remain in the villages with suspicious reluctance.

* WOMEN CONDUCTORS *
* GABBLE TOO MUCH. *

BY WILBUR S. FORREST.

(U. P. Staff Correspondent.)

London, Sept. 29 (By Mail)—Women tram conductors have come to stay—at least in England.

In her fight for emancipation, the English-woman has established her right and ability to hold the rear platform. Serious consideration is even being given to ceding her the front platform. Motor-women seems a question of but a few months.

Since the beginning of war, women have been employed as conductors in Germany, France, Italy and England. Nearly 2,000 now have permanent positions. Another 15,000 have applications on file. From these every vacancy is being filled in preference to men.

The crowning culmination came when the seal of official approval was placed upon her employment by the Municipal Tramways association of the United Kingdom, in annual conference. There was not a single protest against her employment and when the proposal of "motor-women" was made cries of "Why Not?" rang from all parts of the room.

The assembly found that woman trolley car conductors brought certain problems and these were discussed.

The delegates from Glasgow where nearly 1,000 women are employed stated it was feared the skirts of the conductors would prove an impediment in winter in running up and down stairs on the double-deckers.

The Glasgow corporation proposes to remedy this by furnishing the women conductors with gaiters.

Glasgow has been so won to the woman conductor idea that a permanent school of instruction has been opened. A ticket-inspector is the teacher.

Each pupil is put through the process of inquiring the destination, issuing and punching tickets, and calling stations until she is letter perfect in her route.

One of the few Complaints registered against the women was their lack of appreciation of the value of time. They find it difficult to realize that the matter of being a few moment late singing on or in taking up a relief is serious. The companies are trying to overcome this difficulty through inspectors.

One of the most frequent causes for this delay it was reported was that "a woman conductor had something to say to another woman and would not go to duty till she finished it."

At the Glasgow school, while one woman is being put through her recitation the others listen. This acquaints them with all routes in the city.

It was agreed that women between 24 and 35 make the best conductors. Their influence has been all for the best. Even on the "roughest and toughest" routes they can control obstreperous passengers better than the men conductors.

So successful has been their work, that the congress decided to ask the county council of London to remove its ban against their employment.

tors from an unknown world and allowed them to remain in the villages with suspicious reluctance.

Miss Czapliska, a linguist, made friends with the natives by speaking their languages, Tungus and Yurak. The natives live in utmost primitiveness and were surprised to learn that Russia was engaged in the greatest war of Russian history.

They are armed only with bow and arrow and with these killed their supplies of wild reindeer meat. The exploring party, which gathered trophies for Oxford museum, was able to get only meager information of the war through a London paper found at a semi-civilized trading post.

The strange peoples of the frozen North were found to worship spirits of bears and birds. For the first time in their history they came to know of tea, tobacco and cheese given them by the explorer in return for native gifts.

ployment, London is the one city in the British Isles that so far has held out against them.

ARGUS APPEALS

(By United Press.)

Chicago, Oct. 21.—Oral arguments were heard in the circuit court of appeals here today on the appeal in the Terre Haute election conspiracy case. The arguments will be completed today. District Attorney Frank C. Dailey was here from Indianapolis to argue for the government.

* EDUCATOR PRAISES PAPERS *

Washington, Oct. 22.—"The smaller newspapers of the country have to their credit one of the really great achievements of the last few years—I mean the spread of compulsory education," declared W. Carson Ryan, Jr., Editor of the United States Bureau of Education, in an interview with the United Press.

"Two years ago there were six states without compulsory education laws; today there are but two. The change is largely due to the smaller newspapers."

"Here, in the Bureau of Education, we have learned from years of experience to depend upon the paper of this type."

"It is a curious thing that much of the educational progress of today is being made in the smaller towns. The big city has the system, the organization, the discipline; but the smaller city is apt to have the independence and spirit that makes for progress."

"The smaller newspaper is notable for its boosting of progressive ideas. It is apt to be in closer touch with its constituency."

Bothered by Catarrh, Bronchitis, Asthma, Head or Chest Colds?

Try the "Vap-O-Rub" Treatment—Relieves by Inhalation and Absorption. No Stomach Dosing.

No need to disturb your stomach with internal medicines for these troubles. Vick's "Vap-O-Rub" Salve, combines by a special process—Menthol, Thymol, Eucalyptol, Camphor and Pine Tar, so that when applied to the heat of the body, these ingredients are released in the form of vapors. These soothing, medicated vapors are in-

haled all night long, through the air passages to the lungs, loosening the phlegm, soothing the inflamed membrane, and aiding the body cells to drive out the invading germs.

In addition, Vick's is absorbed through the pores, reducing the inflammation and taking out that tightness and soreness. 25c, 50c, or \$1.00. At all druggists.

Storm Buggies that Will Keep You Warm, Look Nice and Wear Well. That's the Kind.

Everybody wants a nice storm buggy and I have one for everybody. Some of my competitors are going to quit selling buggies, or at least they advertise they are, and I am going to take their word for it, and just between ourselves, I have been looking for it for sometime, and I have reason for looking for it. Every year I sell more buggies than I did the year before and there is not much room left for competition. You naturally ask the question "How do you increase your buggy business all the time?" and the answer is that I give more buggy value for the money than anyone else, treat everybody alike and treat them right. I can prove I give more value for the money than my competitors as I am handling a storm buggy this winter, formally sold by one of my competitors, and I am selling it for \$10.00 less than it ever sold for before, remember the same buggy for \$10.00 less. Maybe you bought one last year and paid the extra \$10.00. If you did, remember when you need a buggy look around. It has saved lots of vehicle buyers money to buy them of me, and I want you for a customer. The only way you can sell things right, is to buy them right, and not throwing any bouquets at myself, I sure buy right and I want to give you the advantage of good buying. Good buying, and a large volume of business make it possible for me to sell you a buggy from \$10.00 to \$15.00 cheaper than any one else. It is a simple proposition to figure out how it is done, and when you get ready to buy a buggy, buy where the majority buy, and save.

BIG INCREASE IN CLUBS SHOWN

Membership of Agriculture Organization Reveals Interest in This Sort of Work.

CARRIED ON IN 26 STATES

Greatest Success is Seen Without Aid of Large Cash Prizes and Awards, it is Said.

Washington, Oct. 22.—There has been an increase of more than 41,000 in the membership of various boys' and girls' agricultural clubs conducted by the State Agricultural Colleges and the Department of Agriculture in the northern and west-

ern states. At the close of the fiscal year ending June 30, 1914, there were 110,077 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915, the membership was 151,194, exclusive of the enrollment in the mother-daughter canning clubs.

This work is being carried on co-operatively in 26 of the 33 states in the northern, central, and western territory by the Department of Agriculture and the extension departments of the State colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,557 club members attended the mid-winter courses at the colleges, 968 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts, or counties for 1914, have become recognized as National All-Star Club members, 31 are now attending high schools, agricultural, or other colleges, 3 of the remaining 7 have already graduated from high school, and I will go to an agricultural college this fall.

Experience has shown that the work in the boys' and girls' clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. Members have their attention directed to problems of farm and home management crop rotation, soil building, etc., and in practically every state in which the work is being carried on a large number of club members are now working out

WAR NEWS OF ONE YEAR AGO TODAY.

German left wing re-enforcements didn't prevent an Allies' advance at LaBasse, France said. France retook Altkirch, Upper Alsace, unofficial report said.

Belgium and France line successes and Yser canal and Dixmude advances were reported by Germany, also a Russian repulse west of Augustowo. Capture of Przemysl fortifications and the re-occupation of Czeronowicz, capital of Crownland, Bukowina, was reported by Vienna.

Germans were retreating in Russian Poland and moving back on the river Warthe before Russian advances, Petrograd said.

The German cruiser Karlsruhe has sunk 12 British merchantmen off the Canary Islands, London said. Copenhagen reported 30 armored lighters being constructed at Kiel to take German troops to the English coast.

The Japanese captured a German destroyer fleeing from the bombardment at Lia-Chau bay.

NO REASON FOR IT When Rushville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Rushville citizen says:

Mrs. Lizzie Borem 840 West Ninth street, Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying and the trouble kept getting worse. The kidney secretions were very painful in passage and scanty. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better. I believe that Doan's Kidney Pills will cure me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props, Buffalo, N. Y. (Advertisement.)

PART BARBED WIRE PLAYS

To Prepare For Infantry Advance,
is Necessary to Fire Sharpnel
Along Whole Line.

LETTERS DESCRIBE ATTACKS

Germans Are Kept in Ignorance of
Where Allies Will Concentrate
Their Men.

BY WILBUR S. FORREST.
(U. P. Staff Correspondent.)

London, Sept. 29 (By Mail)—The part barbed wire plays in the war is graphically portrayed in letters from the front just before the battle September 25, when the Allies after an almost continuous bombardment of three days made their first appreciable advance since the Marne.

To prepare for the infantry advance at only three points it was necessary to expend thousands of tons of shrapnel and high explosive projectiles along practically the whole line from the sea to the Vosges. Thus were the Germans kept in ignorance of what particular sections were to be attacked.

"This is the third day of the bombardment," says one correspondent. "Our artillery fire is intense. Point by point, section by section the trenches' barbed wire, has been pelted with a hurricane of shells. Rifle and machine-gun has been absent except for straggling bursts at night."

"Looking out over the German lines today, not one sign of life could be seen. Not even trench periscopes was hoisted over the parapets to indicate the watchfulness of the enemy. Doubtless the German infantry is packed away in its deepest dug-outs. The shells have done their best to search them out, and must have made them extremely uncomfortable."

"The spectacle from our side has been wonderful, awe-inspiring. To the Germans it must have been awful. The tremendous shells of our heavy artillery were bursting in sprouting geysers of flame and smoke and dust on the slag heap near Lens, among the houses of the villages and along the lines of the trenches. Lyddite from the howitzers plunged into the communication trenches, blew down their parapets and broke down their sides; and shrapnel tore savagely and unceasingly at the masses of barbed-wire entanglement protecting the enemy's front."

"The amount of wire used by the Germans is stupendous. No matter what part of the front one visits the same thing is found—thickets, hedges, piles of wire, running in wide strips before every trench, arranged in heaps so thick they look absolutely solid round the redoubts and in the more or less vulnerable angles."

"It would be utterly impossible for any infantry to advance under fire cut their way through. Shrapnel can blast a path but only after days of constant firing."

"Because the Germans know quite well that wire-cutting with shrapnel is a preparation for an advance, many miles more wire must be demolished than are actually required for the attack."

"Throughout today the batteries have been cutting wide stretches of wire, while the 'heavies' have been pounding the trenches. Every H. E. shell that fell threw up an enormous column of thick dust that hung heavily and drifted slowly downwind along the German front. The pelting storms of shrapnel clouds of dust before them to mingle with the smoke of the bursting shells. At

times while sections of the German lines were blotted out by the slow-moving curtain of dust and smoke, and through the haze could be seen the vivid orange flame of still more bursting shells and springing clouds and pillars of still denser smoke and dust.

"The bellowing thunder of the guns, the shrieks and screams and whistlings and rumble of passing shells, the crash and growl and thump of the bursts have never ceased all day. Even now, after dark, a steady column of fire descends on the German lines, the long roll of distant guns, the sharper kicked-biscuit-tin bangs of the nearer batteries, the 'r-r-rump' and boom of the chrapnel still continue."

"The dark sky flickers and winks all round the horizon from the gun-flashes. As far as we can see to the north these ashes tell the story of the artillery's ceaseless activity along the battle front; as far as the ear can catch them to the south, the roll and mutter and rumble of the guns tell the same tale."

"Whatever is to come on the morrow—if it is the big advance at last—the British army is ready and eager for it."

Declares He Feels Ten Years Younger Now

Cincinnati Man Praises Tanlac For
Good it Has Done Him.

Cincinnati, O., Oct. 21.—Among those in the Cincinnati vicinity to endorse Tanlac, the Master Medicine, is R. G. Potts, a salesman, of 938 York street, Newport. He said:

"I was a sufferer with stomach trouble and rheumatism for 10 years. Finally, my condition became so serious that it greatly interfered with my business. I was unable to retain even the lightest foods on my stomach, and had the most severe pains imaginable in my abdominal regions after eating. My breath was foul and my tongue was covered with a thick coating. I suffered from headache, nervousness and dizziness, and found it difficult to sleep. The rheumatism also caused me great pain, especially on damp, cool days."

"I tried various medicines, without gaining relief. After being advised by friends to take Tanlac, and seeing it advertised in the newspapers, I decided to try it. I was astonished at the result. After taking a few doses my appetite returned, and I found that I could eat anything I craved with relish. The nervousness and dizziness disappeared, and my sleep became restful and peaceful. I no longer suffer with pains in the stomach and head."

"I feel younger than I have in 10 years, and can do more work with less effort than I could in the same time. In fact, I feel just as well as I did before I became affected with stomach trouble. The rheumatic pains have disappeared almost entirely. I feel like a new man after taking Tanlac, and I want all my friends and others to know it. Tanlac, in my opinion, is all that it is claimed to be, and I can't praise it too highly."

Tanlac the Master Medicine, is now sold in Rushville at F. E. Wolcott's Drug Store.

GIVES TO ENDOWMENT FUND

Rome City Woman Leaves \$5,000 to
Church People.

Rome City, Ind., Oct. 22.—The late Mrs. Maggie Brothwell of Rome City, Ind., has bequeathed to the North Indiana Conference Claimant's Endowment Fund \$5,000 and her large modern home, fully furnished.

"This is in addition to and after death bond for \$5,000, which was given some years ago by her husband and herself. All should come into our possession some time before the end of this conference year," says Rev. J. W. Cain, Marion, Ind., the secretary of the fund.

READY FOR VOTES' PARADE

New York, Oct. 22.—A white, yellow, blue purple and green-clad army of 25,000 banner-bearing, vote-seeking New York women was ready to serpentine gorgeously down Fifth avenue here tomorrow morning as a sort of climax-capping demonstration of their campaign to impress Empire state voters with the fact that they want a favorable decision on suffrage at the ballot-boxes ten days hence. The parade will be silent save for the loudness of the gayly-colored garden of banners the marching women will represent.

ANNIVERSARY OF BATTLE

London, Oct. 21.—Indomitable Nelson lies fast in eternal sleep and all but the fraction of a century has rolled away since when was fought the Battle of Trafalgar. But the thundering guns, the screaming shells, the lamentations of the sorrowing, cannot shut out from British ears the eloquent silence from that day of ninety-nine years ago; and in the British heart the feeling is serene and sure that this day's sun will fall upon some victory, some master-stroke, that will make a mad rejoicing midst the watching shades of Trafalgar's lost legions.

RUSHVILLE INDIANA

Come in and look around, see what the newest styles are and learn what really good goods can be sold for little money.

IT WILL BECOME
A HOME-COMING

Indianapolis Chamber of Commerce
Communicating With All For-
mer Rushville Residents

FOR FALL FESTIVAL VISIT

Cincinnati Will Arrive at 11 A. M.
Tuesday—Arrangements Com-
mittees Appointed

Arrangements were completed to-
day for the entertainment of the
Cincinnati and Indianapolis visitors
who will be here on Tuesday and
Thursday of next week for the fall
festival and horse show by appoint-
ing two committees on arrangements
one for the Indianapolis delegation
and the other for the Cincinnati ac-
legation.

Every person in Rushville is ex-
pected to be a member of the recep-
tion committee on both days. Coat
lapel badges, with a line on them for
each person to write their names so
that they will not need any introduc-
tions, will be distributed on Monday.

A card was received this morning,
the same kind that the Trade Ex-
pansion Club of the Cincinnati
Chamber of Commerce is sending to
its members urging them to make the
trip to Rushville on Tuesday. "Rush
to Rushville," it says in big letters.

On this card are found the de-
finite arrangements for the "Queen
City" visitors. It says the special
train will leave the C. H. & D. depot
at Cincinnati 9 a. m. Tuesday morn-
ing, arriving here at 11 a. m. The
visitors will go to the hotel at once
for their lunch. The train will leave
here at 5:45 p. m. and will arrive in
Cincinnati at 7:45. The committee
on Cincinnati arrangements will pre-
pare the local program.

Word was received from Indiana-
polis this morning that wholesale
trade members of the Chamber of
Commerce would leave Indianapolis
Thursday morning at eight o'clock
on special I. & C. interurban cars,
accompanied by the Indianapolis
News' Newsboys' band. They will go
direct to Connersville, arriving there
at ten o'clock and will remain until
one, when they will return here and
be joined by another delegation from
the Indianapolis Chamber of Com-
merce that is coming in the afternoon.

Ralph W. Douglass, assistant gen-
eral secretary of the Indianapolis
Chamber of Commerce, is in posses-
sion of the officers of the Rush coun-
ty society of Indianapolis and will
communicate with all of its members
which include former Rush county
people in Indianapolis, urging them
to join the delegation to this city.
So the visit in the afternoon from
Indianapolis will revolve itself into a
homecoming of Indianapolis folks
who lived here at one time.

The decorations are going up
rapidly and the city is putting a gala
appearance, such as never was seen
here before.

It was announced today that the
Uniform Rank, Knights of Pythias,
will conduct a dancing pavilion in
front of the K. of P. building dur-
ing the week. This is expected to
be a big attraction for fall festival
visitors.

The committee on arrangements
for the Cincinnati visitors is as fol-
lows: Will M. Bliss, chairman, T.
W. Lytle, Wilbur Stiers, T. W. Bet-
ker and Joe Sterns.

The Indianapolis committee is
composed of the following: E. R.
Casady, chairman, Irwin Kuneer, B.
A. Black, L. M. Sexton and Theodore
Heeb.

—Mr. and Mrs. Pat Rardin have
returned home after an extensive
trip through Tennessee, returning
by the way of Oklahoma.

DIES IN MEXICO TODAY

Rena Hardwick, Who Went There
For Health, Expires Today

Miss Rena Hardwick, who went to
Roswell, New Mexico, for her health
May 1, 1915, died this morning at
10:30 of tuberculosis, according to
word received by local relatives. She
was a daughter of Mr. and Mrs.
James Hardwick and formerly lived
in Orange township, about one mile
east of Gowdy. Miss Hardwick had
been declining in health for some
time. She was 24 years of age and
at one time attended high school in
this city.

FEW MONTHS PLENTY
FOR THIS COUPLE

Mary J. and John P. Meyers Married
on January 30, 1915 and Sepa-
rated August 14.

ACCUSED OF CURSING SPOUSE

Seven months of married life was
enough, or rather too much, for
John P. Meyers and Mary J. Meyers,
residents of Williamstown. He filed
suit for divorce this morning, al-
leging cruel and inhuman treatment.
The complaint states that they were
married January 30, 1915 and sepa-
rated on August 14.

Mr. Meyers states that she cursed
him and called him vile names. He
also alleges that she often left home
early in the morning and refused to
cook, clean the house, make the
beds, or do any of the work of an
ordinary house wife. The complaint
states that on August 14 she left
him and has failed to return al-
though he has made an earnest ef-
fort to get her to do so. Kiplinger
and Smith and Perry O'Neal repre-
sent the plaintiff.

SIXTEEN SPACES FOR
AUTO SHOW SOLD

Indications Were Today That Many
More Would be Taken and Dis-
play Would be Big Success.

RESPONSE TO INVITATIONS

Sixteen spaces have been taken
in the new garage in South Main
street for the automobile show
which will be held in connection with
the fall festival and horse show.
This indicates the popularity of the
show and the general good reception
it has received from the manufac-
turers. The spaces have been mar-
ked off and the garage put in condi-
tion for the show. The automobile
manufacturers and agents have
been invited to place their cars in
the show room Saturday so that any
who would like to view the show may
call at the room tomorrow.

The following cars will be on dis-
play: Studebakers, Maxwells, Fords,
Buicks, Morrises, Overlands, Mon-
roes, Paiges, Cheverlots and possi-
bly the Dolly Madison and Empires.
In some instances agents have taken
two spaces and will show three cars.
In other cases two or three models
of one car will be exhibited. Other
agents have made tentative agree-
ments for spaces and may close the
contract any time.

—Mr. and Mrs. Charles Newhouse
of Noble township saw the perform-
ance of "The Only Girl" in Conners-
ville last night.

DEGREE TEAM
BIG ATTRACTION

Rushville Odd Fellows Center of In-
terest at Shelby County Meet-
ing Thursday Night

27 LODGES REPRESENTED

J. T. Arbuckle, Grand Master, And
Edwin Farrer, Past Grand
Master, Distinguished Guests

Every Odd Fellow Lodge in Shelby
county was largely represented at
the county meeting which was held
in the local order's hall, on west
Broadway, in the Odd Fellow's build-
ing, Thursday night beside a num-
ber of representatives from orders
in Ohio, Kansas and California, says
the Shelbyville News. Twenty-sev-
en different lodges were represented
at the meeting.

The session had been widely ad-
vertised and the number of persons
who responded to the advertisement
was exceedingly large. When asked
for an estimation of the number pre-
sent, Thursday night, the recording
secretary gave five hundred fifty as
his guests. The large and spacious
hall in the third floor of the building
was jammed to the doors, the two
antirooms were packed and a great
number were standing in the hall be-
side several more who were in front
of the building.

The meeting was well worth the
while of those who attended and the
local order and all who participated
in the meeting feel that they have
been repaid many times for the
work, necessary to arrange so suc-
cessful a meeting.

During the progress of the even-
ing work was given two candidates
of the order, John Marsh, a member
of the local day police force and
Paul Theobald. On these two the
third degree was conferred. The
Rushville degree team had been as-
ked to confer the degree and the
lodgesmen who witnessed the work
say that the Rushville team was one
of the best and most efficient that
has ever been on the local floor. The
order of our neighbor to the west re-
ceived many flowery compliments
upon the manner in which they did
the work. They carried a seven
piece orchestra with them, which
was composed of musicians from
their home town. It is also said
that the musical part of the confer-
ence of the work was exceptionally
well done.

The drill team of the Rushville or-
der entertained the large audience
with a number of very difficult drills
all of which were very perfectly
done. The team dressed in white
uniforms and as they wheeled, cir-
cled, and did various other feats
the sight was indeed good to look
upon. A thing which called forth
much applause from the onlookers
was the formation of the three links,
the emblem of the order. Many who
saw it say that the performance was
the first that they had ever seen.

A number of very distinguished
visitors were present to attend the
meeting, among these being Presert
Grand Master, J. T. Arbuckle and
Past Grand Master, of the state,
Edwin Farrer, both of whom were
from Rushville; Brother Will Ear-
hart, of Greensburg; Brother Judge
Deupree of Franklin; Brother Gold-
man, of east Chicago and Past
Grand Patriarch Samuel P. Stroup,
of this city.

ADMIT REPULSE

(By United Press.)
Bukharest, Oct. 22.—Though they
admit that the maon Austro-Ger-
man advance is still progressing, the
Servians have repulsed the invaders
south of Belgrade, according to ad-
vices from the front.

FOUR MEETINGS
PLANNED HERE

Revivals and Special Services Will
Take Place at Rushville
Churches in Near Future.

FIRST ONE AT BAPTIST

Others to Follow Will be at U. P.,
Main Street Christian and
Catholic Churches.

Revival meetings and special ser-
vices have been arranged for the
near future in four of the churches
of the city and one is now in pro-
gress at the Big Flatrock church.
The first of the meetings here will
start Sunday, October 31 at the
First Baptist church. These meet-
ings will be in charge of the Rev. S.
G. Huntington.

Starting on November 2 a series
of meetings expected to continue for
two weeks will be started at the Uni-
ted Presbyterian church. The Rev.
S. R. Jamieson of Oxford, Ohio, a
brother of the Rev. A. W. Jamieson,
local pastor, will assist at the ser-
vices.

A series of protracted meetings
will be started at the Main Street
Christian church Sunday, November
7. The revival will be conducted by
the Rev. J. H. O. Smith of Little
Rock, Arkansas. He will be assisted
by H. H. Sanders, who will be in
charge of the music. All members
of the congregation are urged to be
present at the regular church ser-
vices Sunday in preparation for the
special meetings.

The Rev. C. M. Yocum, pastor of
the Main Street Christian church,
has been conducting a revival at the
Big Flatrock Christian church dur-
ing the last week. There have been
seven additions to the church and it
is reported that the crowds are large
and the interest fine. The revival will
continue for another week. The
Rev. E. E. Kuhn is pastor of the
church. The Rev. Mr. Yocum will
fill the pulpit at his own church, but
will preach at Big Flatrock Sunday
night.

St. Mary's Catholic has arranged
for a series of lectures by the Rev.
Bertrand L. Conway, a noted Paul-
ist missionary of New York City.
The lectures will continue for one
week starting on Monday November
1. His lectures will be especially in-
teresting to Non-Catholics. The
Rev. Father Conway is a writer of
note. His coming to this city is
largely in compliment to the Rev. M.
W. Lyons, who attended the same
college with him in Maryland.

A question box will be maintained
in connection with these services
and this is expected to be a big fea-
ture. Some of the subjects on which
he will talk are "Is One Church as
Good as Another?" "The Church
and the Bible;" "The Papacy;" "The
Confession of Sins;" "The Lord's
Supper;" "The Sacrifice of the Man;"
"Prayer;" "Why I am a Catholic."

WANTS NEW STATE SONG.

Evansville, Ind., Oct. 22.—Indi-
ana's state song, "On the Banks of
the Wabash," is moonney and senti-
mental and not fit for "school child-
ren," says Principal E. P. Wiles, of
this city. He has written to James
Whitcomb Riley in the name of Ev-
ansville school children asking the
greatest living American poet to
write a song that shall be Indiana's
official song.

PROH. LAW QUESTIONED

Olympia, Wash., Oct. 22.—Consti-
tutionality of the prohibition law
effective in Washington January 1,
1917, was argued before the Sup-
reme court today. The liquor in-
terests filed the suit.

WILL REJECT ENGLAND

Greece is Not Expected to Take Cy-
prus For Aiding British

(By United Press.)
Athens, Oct. 22.—A Greek rejec-
tion of the allies offer of the Island
of Cyprus if Greece will attack Bul-
garia was indicated by all signs here
today.
Premier Zaimis was quoted by all
the papers as saying that the Greek
attitude would remain unchanged
and editorial comment expressed the
same view.

MILADY'S WHIMS
RAISE THE PRICES

Due to Popular Demand For Fur,
Quotations Received Here Show
10 to 50 Per Cent Increase.

LOSS LAST YEAR DUE TO WAR

The fur that milady wears on her
collar, around the top of her shoes,
around her wrists and about her
neck and carries in her hands is re-
sponsible for the rise of ten to fifty
per cent in the price of furs, accord-
ing to word Oneat Brothers, local
furriers, have received from Detroit
buyers. The Detroit firm showed
quotations cabled by a London fur
firm, indicating the general increase
in prices. The majority of the in-
creases are fifty per cent.

There was a big falling off in
prices on furs last winter due to the
European war. The big conflict al-
most cut the fur buyers out of run-
ning. But fur has come back in the
United States. It is all the rage on
all women's garments, and this has
created the demand and caused the
prices to rise.

LIBRARIANS IN
SESSION TODAY

District Meeting is Addressed by
Secretary of State Library
Commission.

EIGHT CITIES REPRESENTED

The annual meeting of the libra-
rians of this district was held this
afternoon in the rest room of the
city library. Problems of especial
interest to the librarians were dis-
cussed, such as laws dealing with
libraries and the establishment of
Carnegie libraries.

It was originally planned by Miss
Mary Sleeth, of this city, chairman
of the association, to have Prof.
Harlow Lindley of Earlham college,
secretary of the Indiana Historical
Commission, address the librarians
on the centennial to be celebrated
next year. Prof. Lindley found it
impossible to attend the meeting.

The principal address of the
meeting was given by Henry N. San-
born, Indianapolis, secretary of the
state library commission. One other
member of the state commission was
present at the meeting. This mem-
ber was Mrs. Elizabeth Earl of Con-
nersville. Mrs. Earl also addressed
the meeting.

Before the meeting adjourned a
new chairman was to be selected
and a place for holding next year's
meeting was to be named. It has
been the custom to select the city
which is the home of the chairman
for the next meeting.

Cities represented here today were
Richmond, Cambridge, City, Ander-
son, Connersville, Liberty, Knights-
town, Pendleton and Carthage.

BRITISH RAGE
AT EXECUTION

Expect to Renew Activity Because
of Killing of English Nurse,
Edith Cavell

ENLISTMENTS VERY BRISK

She Was Executed, According to
American Minister's Report With-
out Anything Being Proved.

(By United Press.)
London, Oct. 22.—British rage
and horror at the execution by the
Germans at Brussels of the English
nurse, Miss Edith Cavell, fully re-
ported in a communication from
Brand Whitlock, American minister
in Belgium, promised to stir England
to renewed activity.

Enlistments were unusually brisk
today and this was generally attrib-
uted to a feeling of rage against the
Germans aroused by the Cavell case.

What little talk there has been
lately of the possibility of restored
peace has also been effectually sil-
enced. The Cavell incident appears
to have done more than any previous
event to crystallize the thoughts of
the nation in favor of waging the
war to the bitter end. By helping
British and French soldiers and Bel-
gians of military age to get out of
Belgium and across the channel to
England, Miss Cavell had committed
a technical offense, which exposed her
to the death sentence under the
strict letter of military law, as en-
forced by the Germans. This was
admitted by the London newspapers.

Her actual execution, however, in
view of the fact that no exact act
had been established against her,
and herself denying it, and the fact
that as head of the Brussels Medi-
cal Institute where she cared for
wounded Germans as readily as the
soldiers of her own country, was de-
nounced by the entire press as be-
yond belief.

LOSS OF 60,000

(By United Press.)
Athens, Oct. 22.—"The Servians
have repulsed the Austro-Germans
on the north Servian frontier with
enemy casualties at 60,000," an-
nounces a message from Nish to
the Servian legation here today.

MORE TROOPS SENT

(By United Press.)
Washington, Oct. 22.—Another re-
giment of infantry was ordered to
Brownsville by Secretary Garrison
today to re-enforce General Fun-
ston's border patrol. The twenty-
eighth was ordered from Texas City
and the Twenty-third was ordered
from Jacksonville, Fla.

WILL REMAIN AT NISH

London, Oct. 22.—The Servian
government will remain at Nish, the
legation here announced today.

"General Depres-
sion"

It seems as if this most annoy-
ing of all warriors, "General
Depression" has been put to
rest.

Certainly he is now beating a
most vigorous retreat.

Good crops heavy European
trade and "General Optimism"
have been too much for him.

Business is reviving. Em-
ployment is more numerous.

People are developing the
buying spirit.

Merchants and manufactur-
ers will find this a splendid time
to begin their newspaper adver-
tising campaigns.

Fall Festival and Horse Show

Bear in Mind—All roads lead to Rushville Oct. 25 to 30.

The Horse Show and attendant entertainment of our Fall Festival this year will be the best in our history. You should and will assist the management by attending yourself and bringing others with you. The logical location of our store will make it a suitable and convenient headquarters. We invite you to use it as such.

The most searching scrutiny of our high class stock is always to be desired by us, and you will find our best service at your command.

GUFFIN DRY GOODS COMPANY

Featuring "Ladies' Ready-to-Wear"

TO MEET THEIR OCTOBER BILLS

State Authorities Issue Call For Advance Payment of Taxes From The Counties.

ONE IS RECEIVED HERE

Money Asked is to Replenish General, Educational and Benevolent Institution Funds.

County Treasurer Williams has received a call from the state finance board for an advance payment of county taxes. The advance payments must be made before November 1. The fall taxpaying period will end on that day, but the state authorities have to have the fall taxes before they are all paid in for the purpose of meeting October bills. It is not stated where the money is coming from to meet November bills and the bills of other months that will fall due before the spring installment of taxes begins to come in.

Taxpaying in the several counties is at its height just now and it is expected that the advance payments which will roll on from the county treasurers will aggregate at least \$500,000 or \$600,000.

The money which the state is asking the counties to supply in advance of the regular settlement time will be used to replenish three state funds, the general educational and benevolent institution funds. The money will be expended to meet the state's October bills which are payable in November.

The fact that several specific appropriations by the recent Legislature have just become due is given as one reason for the heavy demand for money just now. No bills to be paid from the general fund and due are now outstanding, according to the finance board.

The finance board asserts that it established a new record for the last eighteen years when July, August and September, the last three months of the fiscal year, passed without an advance call for payments being made. It is asserted that it will not be necessary for the state to borrow any money between now and the close of the present calendar year. Members of the finance board are the Governor, the auditor and treasurer of state.

AFTER GRIPPE

Mrs. Findley Made Strong by Vinol.

Severy, Kans.—"The Grippe left me in a weak, nervous, run-down condition. I was too weak to do my housework and could not sleep. After trying different medicines without benefit Vinol restored my health, strength and appetite. Vinol is a grand medicine and every weak, nervous, run-down woman should take it"—Mrs. Geo. Findley.

Vinol, our delicious cod liver and iron tonic, sharpens the appetite, aids digestion, enriches the blood, and builds up natural strength and energy.

FIRST WOMAN CHAUFFEUR.

London, Sept. 24. (By Mail)—England's first royal "chauffeur," or whatever you call a woman chauffeur, is Dot Carson, member of the Volunteer Aid Detachments the war called into being has the honor not only of being the first woman chauffeur to drive Queen Mary but even to be complimented by the latter on the achievement.

Queen Mary decided to visit Barn House at Whitstable. There was not a single male chauffeur to meet Her Majesty at the station. Miss Carson took his assignment, acting not only as a chauffeur but also as footman. She is 18.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

NOW RESISTING
TUETON ENEMY

Serbian Devote More Time to Austro-Germans and Let Bulgarians Have Their Way.

ALLIES WILL TEND TO THEM

Troops Rushed to North Indicate Serbians Fear Tuetons More Than Neighbors.

Paris, Oct. 22.—The Serbians (By United Press.) were resisting the Tuetonic invasion from the north more energetically than ever today. They reported throwing the invaders back at various points.

That the Austro-Germans were at least in trouble was believed. It was pointed out that they themselves told of no appreciable advance. News that the Serbians were not now going to remove their capital from Nish was thought to corroborate their story of a better situation.

The Bulgarians were half way across the south country from its eastern frontier as proved by their occupation of Kumanovo.

This army seemed the only formidable one Bulgaria had in the field. Her other invasions were believed to be near raids. The forces at Kumanovo were striking into territory Bulgaria is known to wish for herself.

The Serbians seemed to be resisting hardly at all. Instead, they were rushing troops out of that region to reinforce the northern front. Experts here thought this meant Serbian decision that the Tuetonic invasion was more dangerous than the Bulgarian campaign, leaving it to the allies to drive the Bulgarians out as soon as enough of them reached Salonika.

This was understood to be the strategy approved by the Paris and London war offices. From the allies standpoint the Balkan situation was considered a little improved.

Amusements

The Princess offers a two act drama "The Law of Love" for the first picture of tonight's program, Madge Kirby and Charles Mailes are featured. It tells a dandy story of college life and is said to be a fine drama. The other picture is a comedy entitled "Her Romeo." Billy Reeves and Mae Hoatley are featured. Tomorrow matinee and night a two act comedy "The Cave on Thunder Cloud" will be shown.

Thomas H. Ince presents Edward Connelly in "The Devil" at the Gem tonight. It is said to be a five reel masterpiece and Mr. Connelly is supported by Bessie Barriscale, Arthur Maud, Clara Williams and Rhea Mitchell. The picture is taken from the legitimate play of the same name and the plot is especially strong. Tomorrow night the two reel drama "Dr. Jekyll and Mr. Hyde" will be shown. King Baggot is featured in this drama.

Engraved Wedding Stationery.

If you want the best in Wedding Invitations or Announcements we will be pleased to figure with you. We represent the best engraving company in the United States. Comparison will convince you. The Daily Republican.

The choir of the First Presbyterian church will hold an exchange next Saturday at the Davis Millinery store. 189tf

DIES AT HER HOME
NEAR HENDERSON

Mrs. Abe Whitlock, Age 61 Years, Succumbs to Cancer and Heart Trouble Thursday Night.

LEAVES MANY RELATIVES

Mrs. Adeline Whitlock, 61 years old, wife of Abe Whitlock, died last night at her home near Henderson, after a several months illness from cancer and dropsy. Mrs. Whitlock had been in a critical condition for some time and her death was not unexpected.

She is survived by her husband and one daughter, Mrs. Charles Kennedy, of near Carthage. She also leaves six sisters, Mrs. Alva Newhouse of this city, Mrs. Thomas Cline, Mrs. William Ramsey, Mrs. Albert McMichael of this county and Mrs. Charles Guild of Covington, Ky., and Mrs. Bert Ward of Columbus, and one brother, John Smith.

The funeral services will be conducted Saturday afternoon at one-thirty o'clock in the Hannigan Christian church and burial will take place in the church there.

With The Churches

—Regular services at St. Mary's Catholic church, conducted by the Rev. M. W. Lyons. Masses at 8:00 and 10:00 a. m.

—There will be preaching every and Sunday school at 9:30 o'clock. Sunday at the Glenwood M. E. church. Morning services at 10:30 o'clock, evening services at 7 o'clock.

—Regular services will be held at the First Baptist church Sunday, with Sunday school at 9:30; preaching services at 10:30, with a sermon by the pastor, the Rev. S. G. Huntington, on the subject, "The Christian Harvest," and a sermon at seven in the evening by the pastor on the subject, "A Green Olive Tree." Revival services, to be conducted by the pastor, will begin a week from Sunday night.

—Regular services will be held at the Big Flatrock Christian church Sunday. In the morning the sermon will be by the pastor, the Rev. E. E. Kuhn. In the evening the Rev. C. M. Yocum, pastor of the Main Street Christian church, will preach at 7:15 o'clock. He is conducting a revival at the Big Flatrock church.

—Sunday school will be held at 9:15 o'clock Sunday morning at the Main Street Christian church as usual. The pastor, the Rev. C. M. Yocum, will preach at 10:30 on the subject, "Individual Responsibility." In the evening at seven o'clock the Rev. Mr. Philippi of Milroy will preach. All members are urged to be present at all services Sunday to prepare for the revival which begins November 7.

—The Rev. A. W. Jamieson will preach both morning and evening at the United Presbyterian church Sunday. The subject of the morning sermon is "A Silver Dollar" and in the evening he will preach on the subject "Jerusalem." Special services lasting two weeks will start on November 2. The Rev. S. R. Jamieson of Oxford, Ohio, will assist the pastor.

—The regular services will be conducted Sunday at the Glenwood United Presbyterian church. The pastor, the Rev. A. W. Jamieson will preach at two o'clock.

HUGH MILLER FOR UNITED STATES SENATOR

Hugh T. Miller is a candidate for the Republican nomination for United States Senator. He has given out the following statement:

"I want to be nominated for and elected to the United States Senate. My experience in the last campaign, and my investigations since have shown me that, when nominated, I can count on the united support of all the Republicans of 1914 and make a

convincing appeal to those former Republicans who had not yet rejoined us at the last election.

"As in 1914, I want to go to the voters with the fundamental principles of Republicanism; patriotism and equal rights—a devotion to the welfare of the Republic that will conserve and defend it, whether from domestic foes, as in the 60's, or from future foreign assault—a devotion to the welfare of all Americans that frees the slave, protects the farmer, mechanic and manufacturer against unfair competition from abroad, and removes inequalities and injustice from the path of the voter, the taxpayers, the workman, the business men, the woman

and children of America. Guided by these primal principles of patriotism and equal rights, I want to be one of a Republican majority in Congress which will continue the fight against inequality and injustice, which will restore prosperity, abolish sectionalism, curb extravagance and promote efficiency in business and in government. I want those who expect to support me to send me at Columbus their suggestions and any information that will promote my candidacy."

Hugh Miller needs no introduction to the voters of Indiana. Born forty-eight years ago on a farm in Johnson county and reared there, Mr. Miller received his higher education at Butler college, studying later in European universities. He was for ten years a member of the Butler college faculty, resigning in 1899 to take up a business career in Columbus, where he is vice-president of Irwin's bank.

Three years after moving to Columbus, Mr. Miller made the race for representative in the Democratic county of Bartholomew, being elected and making an enviable record in the session of 1903. He was nominated for Lieutenant Governor in 1904 and elected, carrying Bartholomew county by more than five hundred votes, the largest plurality ever given a Republican candidate in the county.

Lieutenant Governor Miller's record for efficiency and impartiality in the Senate is familiar to all. No decision of his was ever appealed from. He was a candidate for the Republican nomination for Governor in 1908 and was nominated for United States Senator in 1914. Despite the discouraging outlook for Republican success in the latter year, Mr. Miller made a vigorous canvass and polled a remarkable vote in the race with Senator Shively and former Senator Beveridge, exceeding the Taft vote of 1912 by 75,499, or 50 per cent.

Governor Marshall appointed Mr. Miller trustee of the Central Hospital for the Insane at Indianapolis, and Governor Ralston reappointed him. He is a director of Butler college and a member of numerous political, literary and civic organizations in Columbus and Indianapolis. He married Nettie Irwin Sweeney, daughter of Rev. Z. T. Sweeney, of Columbus, in 1900, and has two children.

(Advertisement.)

and to English merchants and the growth of commerce between America and neutral countries being restrained. The Merchants' Association has protested to the State Department and there is a growing expectation that some pretty definite results will follow, particularly as Secretary Lansing has been well reinforced by the elevation of Frank L. Polk to the Councillorship of the Department of State.

Meanwhile the failure to secure the release of the American goods held in Holland and to obtain redress for the packers whose cargoes of beef have been confiscated have shown the futility of private negotiations and have enforced the necessity for the Government to act.

There has been an interesting sequel to the recall of Consul General Skinner, who displeased Great Britain by informing this Government of the English practice of reselling seized American cargoes. Mr. Skinner is not to be rebuked, but is to be promoted in the diplomatic service.

Over in New Jersey a tax collector has solved the problem of making delinquents pay up. He simply announced that on a certain day he would publish the names of the delinquents in the local newspapers, and then sat down behind his desk and raked in the money. When the threatened day came every cent of tax due the town had been paid. They do it differently in New York where they go through the form of selling a man's property for unpaid taxes, but make the buyer wait three years to get possession, meanwhile letting the delinquent remain in full enjoyment of the property, with the right to redeem it within three years.

Woodrow Wilson is 59 years old, has been discussing public questions for thirty years, was earnestly importuned for two years to make known his attitude on the woman suffrage question, and his position on that issue has just been become known. Although a reputed advocate of pitiless publicity he is certainly a master of concealment. Few politicians are adroit enough to evade committing themselves for so long a period of time.

The Boy Scouts of America are being attacked with rare impartiality as too military and as not military enough. The fact is that the training of a Boy Scout does not include the manual of arms, but it does give him other qualification for a good soldier, in teaching him hiking, camping, endurance, self-reliance and discipline.

Speaking of values, someone has just figured out the cost of the perfectly good buildings that are destroyed in New York in a year to make way for bigger, more modern ones. Of Manhattan's 92,749 structures according to a writer in the New York World a thousand, worth \$10,000,000 are torn down annually to make more room "on top."

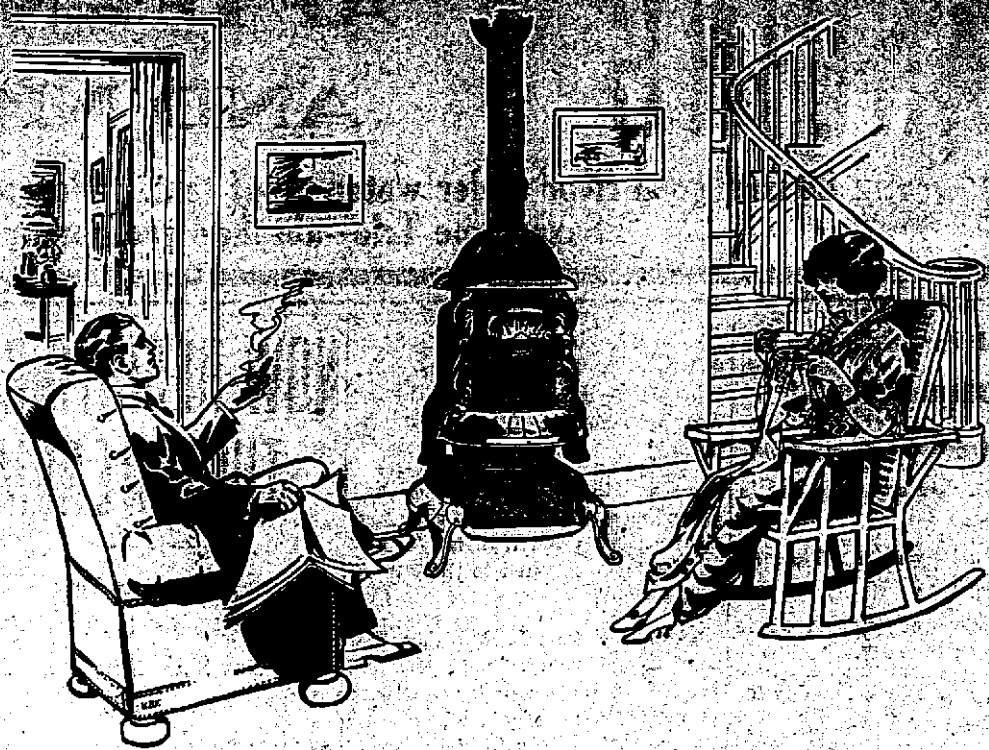

Now we are favored with a new word. As if it were not enough to have "jitney" we are called upon to masticate "jitneur," which leads the Times to ask whether we are coming to "wagoner" and "car driver." A futile effort was made some years ago to condemn the innocent motor-man to the title "motoneer."

According to a man whose name sags in the middle, Dr. H. Barringer Cox, he has invented a contrivance that can be wrapped about a man under his waistcoat, so he can be his own wireless, sending and receiving messages as he walks. Next!

Current Comments

No Diplomatic Triumph
(Washington Herald)

It is quite true that diplomatic exchanges between Germany and the United States extending over a period of more than seven months have resulted five months after the destruction of the Lusitania and the killing of 115 American men, women and children, in removing the danger that war between the two nations would be the outcome of Germany's ruthless sacrifice of the lives of non-combatants on the high seas. But it is not true that the result is a great diplomatic triumph for the United States. Germany, through the deeds of her submarine commanders, has defied every one of our warnings and

Furnace comfort and efficiency at less than heating stove cost

EVERYBODY who has a house to heat should be vitally interested in this remarkable new hot-air heating system that costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

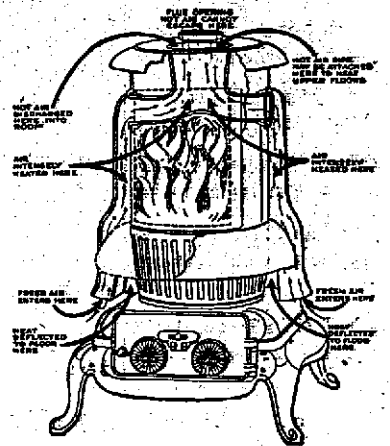

Estate Hot Storm

—the Stove with a "Little Furnace in it"

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For the interior is utterly different from any stove you have ever seen; inside it is built like a hot air furnace.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the top of the Hot-Air Chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

Saved fuel pays for it

Only a very small percentage of the heat is allowed to escape up the chimney, for the Little Furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. This results in an amazing saving of fuel—a saving so great that your Estate Hot Storm will soon pay for itself. And after that it will pay you.

All we ask you to do is to investigate the Estate Hot Storm—give us an opportunity to explain it to you—before you buy a stove of any kind. You owe it to yourself to do this.

To Regain Markets

Speaking of the question of "dumping" and of trade competition following the close of the war, the editor of the Pittsburgh Gazette-Times gives expression to some good horse sense. He calls attention to the fact that the industrial plants of Germany are unimpaired and that throughout the war an association of Germany manufacturers and financiers has been busy perfecting plans for regaining markets after peace is restored and goes on to say:

"But in the more recondit workings of political and social economy there are factors which will have important influences in the impending fight for markets. The poverty of Europe and the prosperity of the United States may work to the advantage of the former, as a competitor, and against the latter in the struggle. For example, the habit of self-sacrifice imposed even upon non-combatants of Europe while the war is in progress, and the tremendous burden of Europe will follow peace for years to come as a result of unprecedented war debts, will make it easier for English, German and French people of all classes to consume less and produce more. They might be likened to an individual who is working off the mortgage on a home. He is more economical in personal expenditures and more industrious in production than the individual who spends as he earns. The prosperity of the United States with its rapidly increasing wealth, the higher wages of its workmen which make possible the gratification of creature comforts, the rising scale of living, which converts luxuries into the necessities of life—all these things add to the cost of production and become a determining factor in international trade."

It is Popular

The support which has been given

the preparations for the fall festival and horse show this year indicates that it is one of the most popular things that ever was attempted in Rushville. The citizens of Rushville are behind the thing almost unanimously, which mean that there is a most wholesome atmosphere here just now.

The fall festival may be viewed not so much for what it is worth now, but for what it may be worth in the future. We have seen other cities give fall corn shows and other celebrations of many kinds. There are great chances that the horse show and festival will grow into something greater than anyone anticipated.

We have all noted the decline of the county fair. It is an established institution in which everyone should have the proper pride, but at the same time it does not receive the popular support that it should. Who knows, we may all see in the near future a greater and bigger public celebration grow out of the fall festival and horse show and entirely supplant the county fair!

A Chance to Help

Today a corps of earnest and energetic instructors are laboring to implant in the minds of the children of the community that knowledge which will enable them to cope with the innumerable obstacles which beset the rocky road of life.

What have you done to encourage the teachers?

Have you been to the school to lend them the inspiration of your presence, to let them know and understand that your heart is with them in their work of educating your children?

Your visit may not mean much to you, but it has its effect upon both pupil and instructor. To the pupil it is an evidence that while they are in the hands of others they are yet uppermost in your thoughts and that you are keeping a watchful parental eye to their welfare. To the instructors it signifies your moral support, your confidence in their efficiency and your undiminished interest in the welfare of both.

More Exposures

The New York World has resumed its exposures of British interference with American commerce, revealing that English cable censorship is costing American firms millions in ruined trade, business being diverted

we have been given every reason to believe that she would still be defying them but for the fact that such havoc has been wrought among her undersea boats as to make their further operation, if not impossible, altogether too hazardous in comparison with the ends to be gained. Official information has come from Great Britain to the effect that within the past few weeks war on the submarines has developed surprising effectiveness, large numbers of them having been captured or crippled. Germany has abandoned her submarine warfare against merchant shipping because the waters were made too hot for her. She has not yielded to the diplomatic representations of the Washington government, but the the prowess of the British navy.

HOOSIER HISTORY

The Know Nothings in Indiana.

Being an oath bound, secret organization, it has always been difficult to trace the history of the Know Nothings. From the abuse heaped upon them by the Indiana Democrats it is to be inferred that the party had a considerable following in this state. One speaker referred to them as associating with the bats and the owls, burglars and housebreakers. Another told how to detect them: "They meet among the weeds and dog fennel and when you small dog fennel you may know there is a Know Nothing about." The Know Nothings identified themselves with the new Republican party, which introduced a plank in favor of a more conservative policy in the naturalization of foreigners.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Seneco Tooth Paste. Seneco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Seneco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Seneco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Seneco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Seneco Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

BY GEORGE R. HOLMES

New York, Oct. 22.—Two of the best football battles of the 1915 season will be fought tomorrow on Eastern gridirons, with Harvard clashing with Cornell at Cambridge and Princeton taking on Dartmouth at Old Nassau.

Not often is so delectable a football table set for October consumption. The comparatively new stunt of putting out good games before November and her chilly blasts blow is proving popular.

The Princeton affair should prove a hummer. Dartmouth this year has one of the most formidable scoring machines in Eastern football, as proven by her running up 74 points against her opponents' none in the first three games. The Green licked Maine by a larger score than Yale did and she licked the Amherst Aggies by a larger score than did Harvard.

Princeton has had a hard road to travel all year. Handicapped by the strangeness of a new coaching regime, the Tigers have slid through the season barely setting over their

Syracuse's goal line, and won out with a 10-0 victory. Princeton was unable to cross the line in the game on a placement kick by Tibbott. The Orange and Black also was barely able to beat out Rutgers by a 10 point margin. For three quarters she was held scoreless by the big Rutgers team, only winning out in the last quarter.

Cornell and Harvard resume gridiron relations this year after a several years' lay-off. Cornell has three victories to her credit this season all over, small colleges and Harvard has the same general record. Both teams have been scored on.

Yale should find an easy customer in Washington and Jefferson. The old team of W. and J. stars that trimmed the Elis last year has largely faded away.

A line on the comparative strength of Uncle Sam's kids, the Army and Navy, can be had tomorrow night. The Cadets play Georgetown tomorrow, and Georgetown licked the Middies several weeks ago by a 9-0 score.

Georgetown also played Princeton, losing 13 to 0, but putting up a great fight, and the Soldiers can shake hands with themselves if they come through with a victory.

PYTHIAN TEAM WON FINAL CONTEST

Maintained Perfect Percentage at Expense of Kaysees—Elks Finished in Second Place.

FOURTEEN TO FIVE SCORE

The Knights of Pythias defeated the K. of C.'s yesterday 14 to 5, in the final game of Fraternal league season. The K. of P. team had little difficulty turning the trick. With Tompkins in the box and Fisher behind the bat the K. of P.'s went into the game to maintain their perfect per cent in the final league standing. Fitzgerald, McKee and O'Neil formed the Kaysee battery.

The game yesterday ended the league season. First place went to the K. of P. team, which finished with a perfect percent having won six games. The Elks finished second, losing three and winning three. The Knights of Columbus finished third with two games won and four lost and the Red Men brought up the rear with one game on the won side of the ledger.

EXPECT 35 PERSONS IN BOOSTERS CROWD

I. U. Alumni Hear Today Six Automobiles Will Bear Delegation of Alumni Here Saturday.

WILL BE MET BY COMMITTEE

J. H. Scholl, chairman of the local committee appointed to boost for the football game between Indiana university and Washington & Lee University in Indianapolis October 30, received a telephone message today from Dan V. Goodman that a delegation of I. U. alumni would be here Saturday in six automobiles. There will be about thirty-five persons in the crowd. Their machines will be liberally decorated and the delegation promises to have some noise-making devices.

Several alumni and friends of Indiana university here have consented to decorate their machines and accompanied by a local delegation, proceed west of the city and meet the Indianapolis people and escort them into the city. A special luncheon has been arranged at the Windsor hotel and all friends and alumni of Indiana are requested to attend.

Commissioner's Sale of Real Estate

Notice is hereby given that the undersigned as commissioner, by order of the Rush Circuit Court in cause No. 323 wherein Henry S. Steele et al are plaintiffs and E. Washington Veatch et al are defendants, will offer for sale at private sale to the highest and best bidder at the law office of Kiplinger & Smith in the city of Rushville, Indiana, on

the 10th day of November, 1915, at 10:00 o'clock a. m. and from day to day thereafter until sold, the following described real estate in Rush County, State of Indiana, to-wit:

Part of the west half of the northwest quarter of section six (6) township thirteen (13), Range nine (9) east, beginning fifteen (15) rods, seven (7) links north of the southwest corner thereof, thence north forty-nine (49) degrees, forty (40) minutes, east thirteen (13) rods, twenty-four (24) links to a stone, thence north twenty-six (26) degrees forty (40) minutes, east thirty-four (34) rods, twenty-two (22) links, thence north three (3) degrees fifteen (15) minutes east to south line of the land owned by Elias W. Veatch, thence west to the west line of said section, thence south on said section line to beginning. Also twenty-five (25) acres off of the south end of the east half of the north east quarter of section one (1) township thirteen (13), Range eight (8) east, containing forty (40) acres more or less.

Also the south end of the west half of the northeast quarter of section one (1), Township thirteen (13), Range eight (8) east, containing twelve (12) acres and sixty (60) rods; it being the entire interest in the forty-five (45) acres of the late Deen Willis estate and for further description it being twelve (12) acres and sixty (60) rods out of the southeast corner of the above described forty-five (45) acres containing twelve and one-half (12 1/2) acres more or less.

TERMS OF SALE—Said sale will be made on the following terms and conditions: One-third (1/3) cash on day of sale, one-third (1/3) in six months and the balance in twelve months; deferred payments, if any, to be evidenced by notes of the purchaser bearing interest at six per cent from date and secured by first mortgage on the real estate sold, purchaser having the option of paying all cash.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. "Meat forms uric acid which excites the kidneys," they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular, of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries
Healing Medicated Air to the
Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

Johnson's Drug Store have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

KNIGHTS OF PYTHIAS

The Knights of Pythias will have work in Rank of Esquire Monday night on three pages. A large attendance is requested.

HELPED SWELL CROWD OF 15,000

Thirty Masons and Their Wives
From Here Attend Cornerstone
Laying Thursday.

200 LODGES REPRESENTED

Ceremony at Administration Building of New State Home Witnessed by Immense Throng.

Thirty Masons and their wives helped to make the crowd of 15,000 people at the cornerstone laying of the new Masonic state home at Franklin Thursday. The delegation went from here in automobiles. The Knights Templars, participated in the parade in the afternoon. At least two hundred lodges were represented and about five hundred motor cars took visitors to Franklin.

Special delegations went by automobile from Columbus, Greensburg, Greenfield, Knightstown, Martinsville and Rushville. It was the largest crowd Franklin ever has entertained.

The most elaborate decorations ever attempted by the citizens of Franklin were in evidence throughout both the business and residence districts. In addition to thousands of yards of bunting, which covered the business buildings, and graceful welcome banners, which were strung across the streets, American flags waved from almost every home in town.

An impressive parade was the initial feature of the day's program. Headed by Maj. J. H. Tarlton, grand marshal, the Franklin division formed at 1:30 o'clock and was in line to welcome Raper Commandery No. 1 of Indianapolis when the Indianapolis delegation arrived on a special train at 2 o'clock. On the train were also Grand Lodge officers, Masonic home building committee and about 700 Masons from the Indianapolis chapters.

The parade was more than a mile long. There were 300 uniformed Knights Templars in line and more than 1,200 blue lodge Masons. The Grand Lodge officers rode in elaborately decorated motor cars. The Indianapolis Military Band provided music.

At the home grounds Charles P. Benedict, grand master of Indiana, delivered the principal address. He told of the purposes of Masonry and described the benevolent work undertaken by the order in various countries.

He said Kentucky was the first to establish a Masonic home and that Indiana was among the last states to recognize the need of a state home. He gave the Eastern Star large credit for the inspiration and enthusiasm of the home movement in Indiana and especially mentioned the untiring and efficient efforts of Mrs. Nettie Ransford, past grand matron of the Eastern Star. He appealed for support of the plan to establish an endowment for the home and closed his address with an eloquent eulogy of Masonry.

The corner stone was laid with full Masonic ceremonies by Dr. O. E. Holloway, past grand master and chairman of the building committee. He was assisted by officers of the Grand Lodge. Following the cornerstone laying addresses were made by Frank E. Gavin and Lincoln V. Cravens, both past grand masters and members of the building committee. The service closed with "America," sung by the audience, and the benediction by the Rev. Charles A. Lippincott, grand chaplain.

After the ceremonies the immense throng hurried back to the Court House Square where Raper Commandery No. 1 of Indianapolis gave the most perfect drill exhibition ever put on here by a Masonic drill team. The Indianapolis Military Band also gave a short concert on the streets just before the special train took the Indianapolis delegation back home.

TO SEND MORE MEN TO MEXICAN BORDER

United States Authorities Also Confer on Probable Cause of Repeated Outbreaks.

CO-OPERATION IS ASSURED

(By United Press.)

Washington, Oct. 22.—Rushing of additional troops to the border was one of the several steps begun here today toward ending the reign of terrorism said to exist along the Texas-Mexican frontier.

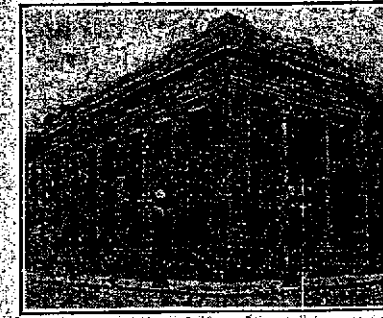

Secretary Garrison called on Attorney General Gregory for secret service assistance and the attorney general spent some time with the president discussing the situation. Full co-operation with the war and treasury departments was assured by Gregory.

It became an open secret that many administration members believed there is more to the outbreak along the border than mere lawlessness of bandits; that the source of continued attacks may be found in American interests hostile to the recognition of Carranza and still hoping to bring about intervention.

If the outlaws have such inspiration, it is expected the justice department will be able to run down the conspirators. The secret service on the border will be reinforced "as rapidly as the department facilities permit," was the statement following the attorney general's talk with the president.

THE AMERICAN TOBACCO COMPANY

PROTECT GARDEN AGAINST WINTER

Department of Agriculture Says
Some Plants May be Left Out
And Will Survive

OTHERS MUST BE DUG UP

Some Advice is Given Concerning
Flowers That Are Most Generally Used

Washington, Oct. 22.—At this season many inquiries come to the United States Department of Agriculture regarding the protection of garden plants and shrubs during the winter. Such flowers as peonies and hollyhocks will come up again the following year if they are properly protected during the winter, while others like cannas and dahlias, which are more accustomed to warm climates, must have their roots or bulbs dug up and stored in a cellar.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

The Department's specialists give the following suggestions for "putting the garden to bed."

HARDY PERENNIALS

Cover hardy perennials, such as peonies, larkspur, hollyhocks, columbines, iris, platycodon, and perennial poppies, with a good coating of manure or other litter to a depth of 3 or 4 inches. In more southern localities this will hold the frost in the ground and keep the plant from alternately freezing and thawing; in more northern regions the manure will protect the plant from freezing to a depth that will cut off its water supply.

CANNAS AND DAHLIAS

As soon as the tops of cannas, dahlias, gladioli, calladiums and similar plants are killed by frost, dig up the roots or bulbs and store them in a cellar where the temperature will remain at 55 degrees, and should never go below 50 or above 60 degrees. Do not shake any more earth from the clumps of cannas and dahlias than is necessary in removing them from the ground. Place the plants on racks or in slat boxes so the air may circulate freely through them. No frost must reach the roots nor must they become too warm or dry.

HYDRANGEAS

Hydrangeas (semi-herbaceous) in the South will last through the winter out-of-doors, if properly cared for. The tops should be protected with straw or brush. This may be held in place about the bushes with a little manure or stones. The flower buds of the hydrangea form in the fall, and this cover will keep them from winter-killing while shielding the bush from winds and sun. In the North hydrangeas must be taken up, planted in tubs and placed in the cellar. This is generally true of latitudes north of Philadelphia.

ROSES

Almost all kinds of roses are hardy in the vicinities of Washington, D. C., and St. Louis and to the south of a line drawn between these points. From Washington northward local conditions influence the successful cultivation of certain varieties. Some roses, as the briar and rugosa, need no protection, but other varieties, such as the hybrid-

perpetuals, teas, and hybrid-teas, need special care, particularly north of the fortieth parallel. Teas and hybrid-teas hardly succeed in Chicago although hybrid-perpetuals grow as far north as Canada. All these classes do well on Long Island and in Boston near the sea when the proper care is given them. These varieties in the vicinity of Washington need merely a little manure on the ground to prevent alternate freezing and thawing. Farther north, however, they should be treated as follows:

Cut the tops to within 30 inches of the ground. Cover the roots with coarse manure or leaves or similar litter. Hold this in place by evergreen boughs which also acts as a protection. Brush from deciduous trees or shrubs may be substituted for the evergreen boughs except in the most northern regions.

Mounds of earth about six or eight inches in height should be drawn about the base of the rose bushes to keep them from mice. As an added protection against mice, permit the ground to freeze slightly before winter protection is supplied. In fact, roses should not be protected until after the first light freeze, which may be expected in Washington, D. C., about the first of December, but earlier farther north.

CLIMBING ROSES

In the latitude of Philadelphia and farther south climbing roses usually need no protection during the winter unless they are a particularly tender variety. Farther north these roses need protection similar to that given to the tea and hybrid-tea roses.

Where it is possible to do so, remove climbing roses from their supports, and cover the branches with a little dirt. A little fall trimming might be desirable to lessen the space occupied by the branches on the ground. Such side branches as are not to be needed for next season's blooming may be cut off. Such cutting off and shortening may be done in the fall before covering, merely for convenience.

EXPECT FIGHT WILL DEVELOP

Still Under Surface But There is Known to be Feeling Against Candidacy of Mrs. Cox.

FAVORS NO SINGLE REFORM

Fight Against Her Because She is Said to Represent Liberal Element—Meeting Soon

(By United Press.) Indianapolis, Ind., Oct. 22.—With the annual convention of the Indiana Federation of Clubs less than one week distant, the fight for the presidency has developed a bitterness, which, though still under the surface, has never been exceeded in Indiana's history, some of the leaders say.

Others deny there is a fight on for the presidency, and among these is Mrs. Lenora Hanna Cox, and avowed candidate. It is a "contest," according to Mrs. Cox, which need not cause bitterness.

The contest, as outlined by one faction, is to determine whether the Federation shall be controlled by a faction intolerant of the saloon or by one which will not engage in a definite fight against the liquor interests.

Because of the fight being made for and against Mrs. Cox, the United Press today obtained from her a statement, in which she answers two questions which are uppermost in the minds of Indiana club women:

Mrs. Cox was asked whether for any reason she would withdraw from the race for president, and she replied:

"I have not considered withdrawing my candidacy for the presidency of the Federation of Clubs for any reason."

She was asked whether she represented the "liberal" element among women, and replied:

You ask whether I represent the 'liberal element among the women.' If by 'liberal element' you mean an element friendly or not hostile to the liquor interests, I know of no such element in the Federation. I think I may say that I represent an element among the women which desires that the federation attend to its own business, that of being a Federation of Clubs, and while lending aid and influence to all plans for social betterment, shall tie itself to no one reform."

The opponents to Mrs. Cox have produced one candidate, Mrs. Clark Fairbanks of Fort Wayne, having announced her candidacy. The convention convenes on Oct. 26.

Reports coming from Terre Haute the home of Mrs. Cox, charge that the liquor interests are seeking to control the women's clubs and thus prevent an active campaign against those interests by the Federation.

No sooner were these reports published than Mrs. Grace Julian Clarke for years a leader in the Federation, and an active supporter of Mrs. Cox, issued a statement in which she termed such insinuations "absurd." She said it was an "unwarranted attempt to misrepresent" the Federation. It was "twaddle," she said, and she called for proofs.

"This twaddle about the federation and the liquor interests originates with certain frenzied fanatics, consumed with personal ambition," said Mrs. Clarke.

The opponents of Mrs. Cox have not rested following the open championship of the candidate by Mrs. Clarke. They have gone in search of the proofs asked for by Mrs. Clarke. If the fight comes to an issue in the convention, it will be spectacular and bitter they said today.

NEW YORK FASHION NOTES

BY MARGARET MASON
(Written for United Press.)

Oh look who's here! They're models, dear, To show you what is smart; If you'd be swell, Just eye them well And follow what they start.

New York, Oct. 22.—Miss New York certainly ought to know how to dress and where and when with all the divers Fashion shows going on for her benefit these last two weeks.

Mrs. Belle Armstrong Whitney started the Fashionable ball rolling with her show at the Cohan theatre and left Miss and Mr. New York gasping at her display of beautiful model frocks and frills on even more beautiful living models.

She has now moved on to give Miss Philadelphia, Miss Boston, Miss Washington, Miss Chicago and all the other American Misses a chance to see what's what in the fashion line.

Then Wanamaker's and Gimbel gave their Fashion Promenades and the big Fashion show for the benefit of the Actor's fund at Carnegie hall added new tips and much zest with the confections shown to advantage on real live actress models.

May Irwin, Marie Dressler and Trixie Friganza were there of course but being perfect fifty-sixes they contented themselves and the public by being dainty little program sellers nor aspired to join the living model class.

Last but not least came Lucile's select opening. None of the common herd were admitted to this most exclusive of fashion shows. No two-dollar theatre ticket even could pry the hoi polloi into this most holy of holies.

Only the lucky possessor of a mauve, engraved card of invitation could hope to obtain admission; and even then the press of select ones was so great that special little gray-frocked venturers had to hold fast to the front door against encroaching and panting females.

Once inside the portals of 37 W. 57th street, which is the house of Lucile, Ltd., the lucky invited one settled down in the pearl tinted interior on a precarious gold chair and marveled again.

To strains of the most insidious music, six of the most pulchritudinous models in captivity glided, (real honest to goodness models never walk), in changing raiment that would make even the lilies of the field fade away in hopeless unattainment.

Each and every toilette designed by Lucile has a pet name all its own. "Softly Purring" is a Champagne velvet gown, if you please; "What Every Woman Knows," a faded scarlet chiffon and silver tea dress; "I Miss You So," a black and white check velvet afternoon dress; "The Vibrant Heart of Heaven," a sapphire blue tulle and brocade evening gown; "Sniego 'wrochka," a white velvet and black fox restaurant gown, and "Stand Allure," a black and silver brocade evening coat.

It really must take as much of an artist to christen the gowns as to design 'em. Think how trying it must be to Lucile as she lolls in her Louis Seize bed and thinks up first of a ravishing restaurant gown, a delectable tea dress or a fascinating dance frock, to have a waiting secretary or one of her entourage say:

"Well, now that you have thought the dress, what are you going to name it?"

I understand Lucile designs her most successful creations in bed. Some of them look like it. It wasn't so much the frocks that left me gasping as the models wavered by, but their hair. Goodness knows the gowns were amazing enough with their tightbanded bodices, full crinolined skirts and all the earmarks of 1850, but the most amazing of all was the coiffures. I wonder does Lucile design them too.

One model wore her hair parted in the middle and smoothed down tight and slick in front with a little tight braid draped down around each ear.

A blonde had hers parted in the middle and also licked down over each ear and slicked up in the back until it erupted in a fan-shaped loop on the top of her head.

Yet another blonde in a wondrous white satin and green embroidered dance frock dubbed "To Smile

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Again" had her hair all peeled back from her face and one in a coronet braid stuck through with a diamond arrow at such a killing angle as to guarantee the blinding of her first dancing partner of the evening.

Aren't you just dying to buy heaps of Lucile models so you can languidly say: "Well, I guess I'll wear my 'Over the Garden Wall' this morning; and this afternoon I'll slip on 'My Part I'll Play,' but I just can't make up my mind whether to wear 'Ghosts of Dead Roses' or 'Sun Blest Are You' for this evening?"

MISS BUTLER RECOVERING

Lewisville Woman's Case One Which is Nearly Always Fatal.

Lewisville, Oct. 22.—Miss Etta Butler, who was seriously injured in an accident, early in August, has returned home from the M. E. hospital, Indianapolis, where she has been under the care of Dr. J. L. Oliver, the well known specialist.

Miss Butler is slowly recovering from a most remarkable injury, her back being broken entirely apart, just above the waist line. Eighty-five per cent of such breaks being fatal, her case is being watched with much interest by prominent physicians of Indianapolis. Miss Butler is now able to sit up, and walk a little, although compelled to remain in bed most of the time.

Just Try Rheuma No Cure No Pay

That is the Basis on Which Druggists Offer This Great Remedy For Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatica, or gout, for it is sold by Johnson's Drug Store and all druggists at 50 cents.

It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to misery-racked bodies.

"I had rheumatism for a long while, and was not cured until I used Rheuma. My advice to those suffering from rheumatism is to use this great remedy, as I believe it will effect a cure in any case."—C. B. Lanham, States, W. Va.

Rheuma is also good for lumbago, neuritis, neuralgia, and kidney troubles.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Sold by Druggists. Take Hall's Family Pills for constipation.

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—“It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth.”—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

KRYPTOK LENSES

Do Not Mar Good Looks

No one can tell you have double-vision glasses when you wear Kryptoks. No seams, lines or cement. They are not freakish in appearance.

MORE STATES PROTECT GAME

New Laws Have Been Passed And

Big And Little Game Is Now Protected Rigidly

DEER IN THIRTY-SIX STATES

Cotton Planters Warned That Boll Weevil Is Not Likely to Die Out Very Soon

(By United Press.)
Washington, D. C., Oct. 22.—Legislation to protect the game of the country has been enacted during 1915, and a summary is included in Farmers' Bulletin 692.

In 9 states changes bring the closed seasons in the States for migratory birds into harmony with the Federal regulations. A limit on the number of waterfowl a sportsman may shoot in a day was fixed in Arkansas and Connecticut. Most States fix a limit of 25 or less per day. All but 14 of the States which permit quail hunting now have a limit of 20.

Big game has received additional protection in many States. Hunting mountain sheep has been suspended in Idaho, Montana and Washington, and in Montana goats as well are protected until 1918. Maine moose may not be shot for four years. This is the first absolutely closed season for moose since 1880. In Wyoming moose hunting is permitted for the first time in 12 years, allowing the killing of 50 bull moose under \$100 licenses.

Deer hunting is permitted in 36 states, in one-third of which the hunter is limited to one deer a season, in most of the others to two. Seventeen States protect at all seasons, and a number require that only those deer may be killed which have horns of a definite length. Prairie chicken shooting is permitted in Indiana for the first time since 1907. Indiana, however, prohibits the use of artificial lights attached to automobiles for hunting game on or near a highway. Partridge hunters in Michigan also are prohibited from using automobiles.

Planters in the eastern part of the cotton belts are warned by the U. S. Department of Agriculture that they must realize the boll weevil is not at all likely to die out in the immediate future in any region that it has as yet invaded. There is a more or less general impression that the pest is dying out in Texas, but for this belief there is no ground.

Under normal conditions its spread takes place at about 50 miles a year. During the last two weeks in August, there was an advance of about 100 miles, which brought the pest into Georgia for the first time. One reason for this unusual spread is to be found in the series of very high winds which blew continuously toward the northeast.

In the territory infested this year conditions are such that the cotton may be picked unusually early. This will enable the fall broods of the weevil to be destroyed by uprooting and burying the plants, or burning them where necessary.

Excellent results against certain insects have been obtained with calcium arsenate, a new insecticide, the Department of Agriculture has been employing in extensive laboratory and field tests. The new insecticide is regarded as a promising means of controlling chewing insects on fruit trees. Here is the formula:

Stone lime (90 per cent Cao).....55 lb
Sodium arsenate, fused (dry powdered) 65% as 205.....100 lbs
Water.....26 gal

Place the stone lime in a wooden container and add a small amount of water, just enough to start slaking. When slaking is well under way pour in the sodium arsenate which should first have been dissolved in hot water. Keep stirring until the lime has thoroughly slaked. Sufficient water should be added from time to time to prevent burning.

Best by Test, Fair Promise 5c Cigar

PORTION OF RUSSIAN ARMY DOES NOT YET KNOW THAT THERE IS A WAR

Oxford Student, Just Returned From Siberia, Says Natives Were Surprised to Hear of It.

LIVE IN PRIMITIVENESS

(U. P. Staff Correspondent.)

London, Sept. 24. (By Mail)—A portion at least of the Russian Empire has yet to learn of the war, according to Miss M. A. Czapliska, student at Oxford, just returned from an exploration of the northern wilds of Siberia.

She with several colleagues, made a thorough study of the strange peoples who inhabit the forests and marshes where the Yenesei river runs northward into the Arctic ocean. During the winter the party traveled 2,000 miles by reindeer sledges. The population of the great area regarded them as curious visitors from an unknown world and allowed them to remain in the villages with suspicious reluctance.

Miss Czapliska, a linguist, made friends with the natives by speaking their languages, Tungus and Yurak. The natives live in utmost primitiveness and were surprised to learn that Russia was engaged in the greatest war of Russian history.

They are armed only with bow and arrow and with these killed their supplies of wild reindeer meat. The exploring party, which gathered trophies for Oxford museum, was able to get only meager information of the war through a London paper found at a semi-civilized trading post.

The strange peoples of the frozen North were found to worship spirits of bears and birds. For the first time in their history they came to know of tea, tobacco and cheese given them by the explorer in return for native gifts.

employment, London is the one city in the British Isles that so far has held out against them.

ARGUS APPEALS

(By United Press.)

Chicago, Oct. 21.—Oral arguments were heard in the circuit court of appeals here today on the appeal in the Terre Haute election conspiracy case. The arguments will be completed today. District Attorney Frank C. Dailey was here from Indianapolis to argue for the government.

* EDUCATOR PRAISES PAPERS *

Washington, Oct. 22.—“The smaller newspapers of the country have to their credit one of the really great achievements of the last few years—I mean the spread of compulsory education,” declared W. Carson Ryan, Jr., Editor of the United States Bureau of Education, in an interview with the United Press.

“Two years ago there were six states without compulsory education laws; today there are but two. The change is largely due to the smaller newspapers. ‘Here, in the Bureau of Education, we have learned from years of experience to depend upon the paper of this type. ‘It is a curious thing that much of the educational progress of today is being made in the smaller towns. The big city has the system, the organization, the discipline; but the smaller city is apt to have the independence and spirit that makes for progress.’

“The smaller newspaper is notable for its boosting of progressive ideas. It is apt to be in closer touch with its constituency.”

Bothered by Catarrh, Bronchitis, Asthma, Head or Chest Colds?

Try the “Vap-O-Rub” Treatment—Relieves by Inhalation and Absorption—No Stomach Dosing.

No need to disturb your stomach with internal medicines for these troubles. Vick's “Vap-O-Rub” Salve, combines by a special process—Menthol, Thymol, Eucalyptol, Camphor and Pine Tar, so that when applied to the heat of the body, these ingredients are released in the form of vapors. These soothing, medicated vapors are inhaled all night long, through the air passages to the lungs, loosening the phlegm, soothing the inflamed membrane, and aiding the body cells to drive out the invading germs.

In addition, Vick's is absorbed through the pores, reducing the inflammation and taking out that tightness and soreness. 25c, 50c, or \$1.00. At all druggists.

Storm Buggies that Will Keep You Warm, Look Nice and Wear Well. That's the Kind.

Everybody wants a nice storm buggy and I have one for everybody. Some of my competitors are going to quit selling buggies, or at least they advertise they are, and I am going to take their word for it, and just between ourselves, I have been looking for it for sometime, and I have reason for looking for it. Every year I sell more buggies than I did the year before and there is not much room left for competition. You naturally ask the question “How do you increase your buggy business all the time?” and the answer is that I give more buggy value for the money than anyone else, treat everybody alike and treat them right. I can prove I give more value for the money than my competitors as I am handling a storm buggy this winter, formally sold by one of my competitors, and I am selling it for \$10.00 less than it ever sold for before, remember the same buggy for \$10.00 less. Maybe you bought one last year and paid the extra \$10.00. If you did, remember when you need a buggy look around. It has saved lots of vehicle buyers money to buy them of me, and I want you for a customer. The only way you can sell things right, is to buy them right, and not throwing any bouquets at myself, I sure buy right and I want to give you the advantage of good buying. Good buying, and a large volume of business make it possible for me to sell you a buggy from \$10.00 to \$15.00 cheaper than any one else. It is a simple proposition to figure out how it is done, and when you get ready to buy a buggy, buy where the majority buy, and save.

BIG INCREASE IN CLUBS SHOWN

Membership of Agriculture Organization Reveals Interest in This Sort of Work.

CARRIED ON IN 26 STATES

Greatest Success is Seen Without Aid of Large Cash Prizes and Awards, it is Said.

Washington, Oct. 22.—There has been an increase of more than 41,000 in the membership of various boys' and girls' agricultural clubs conducted by the State Agricultural Colleges and the Department of Agriculture in the northern and west-

ern states. At the close of the fiscal year ending June 30, 1914, there were 110,077 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915, the membership was 151,194, exclusive of the enrollment in the mother-daughter canning clubs.

This work is being carried on co-operatively in 26 of the 33 states in the northern, central, and western territory by the Department of Agriculture and the extension departments of the State colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,557 club members attended the mid-winter courses at the colleges, 968 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts, or counties for 1914, have become recognized as National All-Star Club members, 31 are now attending high schools, agricultural, or other colleges; 3 of the remaining 7 have already graduated from high school, and 1 will go to an agricultural college this fall.

Experience has shown that the work in the boys' and girls' clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. Members have their attention directed to problems of farm and home management crop rotation, soil building, etc., and in practically every state in which the work is being carried on a large number of club members are now working out

FOR SALE—A good barn, 16x25. Call phone 1451. 18516

FOR RENT—5 room house on North Main street, with sleeping porch, bath and city water. Newly papered. Phone 1374. 15016

ern states. At the close of the fiscal year ending June 30, 1914, there were 110,077 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915, the membership was 151,194, exclusive of the enrollment in the mother-daughter canning clubs.

This work is being carried on co-operatively in 26 of the 33 states in the northern, central, and western territory by the Department of Agriculture and the extension departments of the State colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,557 club members attended the mid-winter courses at the colleges, 968 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts, or counties for 1914, have become recognized as National All-Star Club members, 31 are now attending high schools, agricultural, or other colleges; 3 of the remaining 7 have already graduated from high school, and 1 will go to an agricultural college this fall.

Experience has shown that the work in the boys' and girls' clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. Members have their attention directed to problems of farm and home management crop rotation, soil building, etc., and in practically every state in which the work is being carried on a large number of club members are now working out

three and four-year rotations of crops. The profits which they derive from club work they are spending on getting an education, or for purchase of pure bred stock and labor-saving machinery. Many are even buying land and thus acquiring an invaluable sense of dignity and independence.

In the canning work, 938 public demonstrations were held during the year with a total attendance of 118,367. These demonstrations were held primarily for the club members, but parents were always invited and, as a matter of fact, more than half of those present were grown men and women. One of the great advantages of this club work, indeed, is the fact that it serves to stimulate the parents as well as the children.

WAR NEWS OF ONE YEAR AGO TODAY

German left wing re-enforcements didn't prevent an Allied advance at LaBasse, France, said. France retook Alkirk, Upper Alsace, unofficial report said.

Belgium and France line successes and Yser canal and Dixmude advances were reported by Germany, also a Russian repulse west of Augustowo. Capture of Przemyśl fortifications and the re-occupation of Czeronowicz, capital of Crownland, Bukowina, was reported by Vienna.

Germans were retreating in Russian Poland and moving back on the river Warthe before Russian advances, Petrograd said.

The German cruiser Karlsruhe has sunk 12 British merchantmen off the Canary Islands, London said. Copenhagen reported 30 armored lighters being constructed at Kiel to take German troops to the English coast.

The Japanese captured a German destroyer fleeing from the bombardment at Lia-Chau bay.

NO REASON FOR IT

When Rushville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Rushville citizen says:

Mrs. Lizzie Borem 840 West Ninth street, Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying and the trouble kept getting worse. The kidney secretions were very painful in passage and scanty. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better. I believe that Doan's Kidney Pills will cure me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props, Buffalo, N. Y. (Advertisement.)

The choir of the First Presbyterian church will hold an exchange next Saturday at the Davis Millinery store. 18913

PART BARBED WIRE PLAYS

To Prepare For Infantry Advance,
is Necessary to Fire Sharpnel
Along Whole Line.

LETTERS DESCRIBE ATTACKS

Germans Are Kept in Ignorance of
Where Allies Will Concentrate
Their Men.

BY WILBUR S. FORREST.
(U. P. Staff Correspondent.)

London, Sept 29 (By Mail).—The part barbed wire plays in the war is graphically portrayed in letters from the front just before the battle September 25, when the Allies after an almost continuous bombardment of three days made their first appreciable advance since the Marne.

To prepare for the infantry advance at only three points it was necessary to expend thousands of tons of shrapnel and high explosive projectiles along practically the whole line from the sea to the Vosges. Thus were the Germans kept in ignorance of what particular sections were to be attacked.

"This is the third day of the bombardment," says one correspondent. "Our artillery fire is intense. Point by point, section by section the trenches' barbed wire, has been pelted with a hurricane of shells. Rifle and machine-gun has been absent except for straggling bursts at night."

"Looking out over the German lines today, not one sign of life could be seen. Not even trench periscopes was hoisted over the parapets to indicate the watchfulness of the enemy. Doubtless the German infantry is packed away in its deepest dug-outs. The shells have done their best to search them out, and must have made them extremely uncomfortable."

"The spectacle from our side has been wonderful, awe-inspiring. To the Germans it must have been awful. The tremendous shells of our heavy artillery were bursting in sprouting geysers of flame and smoke and dust on the slag heap near Lens, among the houses of the villages and along the lines of the trenches. Lyddite from the howitzers plunged into the communication trenches, blew down their parapets and broke down their sides; and shrapnel tore savagely and unceasingly at the masses of barbed-wire entanglement protecting the enemy's front."

"The amount of wire used by the Germans is stupendous. No matter what part of the front one visits the same thing is found—thickets, hedges, piles of wire, running in wide strips before every trench, arranged in heaps so thick they look absolutely solid round the redoubts and in the more or less vulnerable angles."

"It would be utterly impossible for any infantry to advance under fire cut their way through. Shrapnel can blast a path but only after days of constant firing."

"Because the Germans know quite well that wire-cutting with shrapnel is a preparation for an advance, many miles more wire must be demolished than are actually required for the attack."

"Throughout today the batteries have been cutting wide stretches of wire, while the 'heavies' have been pounding the trenches. Every H. E. shell that fell threw up an enormous column of thick dust that hung heavily and drifted slowly downwind along the German front. The pelting storms of shrapnel clouds of dust before them to mingle with the smoke of the bursting shells. At

times while sections of the German lines were blotted out by the slow-moving curtain of dust and smoke, and through the haze could be seen the vivid orange flame of still more bursting shells and springing clouds and pillars of still denser smoke and dust.

"The bellowing thunder of the guns, the shrieks and screams and whistlings and rumble of passing shells, the crash and growl and thump of the bursts have never ceased all day. Even now, after dark, a steady column of fire descends on the German lines, the long roll of distant guns, the sharper kicked-biscuit-tin bangs of the nearer batteries, the 'r-r-rump' and boom of the chrapnel still continue."

"The dark sky flickers and winks all round the horizon from the gunflashes. As far as we can see to the north these ashes tell the story of the artillery's ceaseless activity along the battle front; as far as the ear can catch them to the south, the roll and mutter and rumble of the guns tell the same tale."

"Whatever is to come on the morrow—if it is the big advance at last—the British army is ready and eager for it."

Declares He Feels Ten Years Younger Now

Cincinnati Man Praises Tanlac For
Good it Has Done Him.

Cincinnati, O., Oct. 21.—Among those in the Cincinnati vicinity to endorse Tanlac, the Master Medicine, is R. G. Potts, a salesman, of 938 York street, Newport. He said:

"I was a sufferer with stomach trouble and rheumatism for 10 years. Finally, my condition became so serious that it greatly interfered with my business. I was unable to retain even the lightest foods on my stomach, and had the most severe pains imaginable in my abdominal regions after eating. My breath was foul and my tongue was covered with a thick coating. I suffered from headache, nervousness and dizziness, and found it difficult to sleep. The rheumatism also caused me great pain, especially on damp, cool days."

"I tried various medicines, without gaining relief. After being advised by friends to take Tanlac, and seeing it advertised in the newspapers, I decided to try it. I was astonished at the result. After taking a few doses my appetite returned, and I found that I could eat anything I craved with relish. The nervousness and dizziness disappeared, and my sleep became restful and peaceful. I no longer suffer with pains in the stomach and head."

"I feel younger than I have in 10 years, and can do more work with less effort than I could in the same time. In fact, I feel just as well as I did before I became affected with stomach trouble. The rheumatic pains have disappeared almost entirely. I feel like a new man after taking Tanlac, and I want all my friends and others to know it. Tanlac, in my opinion, is all that it is claimed to be, and I can't praise it too highly."

Tanlac the Master Medicine, is now sold in Rushville at F. E. Wolcott's Drug Store.

GIVES TO ENDOWMENT FUND

Rome City Woman Leaves \$5,000 to
Church People.

Rome City, Ind., Oct. 22.—The late Mrs. Maggie Brothwell of Rome City, Ind., has bequeathed to the North Indiana Conference Claimant's Endowment Fund \$5,000 and her large modern home, fully furnished.

"This is in addition to and after death bond for \$5,000, which was given some years ago by her husband and herself. All should come into our possession some time before the end of this conference year," says Rev. J. W. Cain, Marion, Ind., the secretary of the fund.

READY FOR VOTES' PARADE

New York, Oct. 22.—A white, yellow, blue purple and green-clad army of 25,000 banner-bearing, vote-seeking New York women was ready to serpentine gorgeously down Fifth avenue here tomorrow morning as a sort of climax-capping demonstration of their campaign to impress Empire state voters with the fact that they want a favorable decision on suffrage at the ballot-boxes ten days hence. The parade will be silent save for the loudness of the gayly-colored garden of banners the marching women will represent.

Box Social.

Pupils of School No. 9 will have a box social Friday night, Oct. 22, 1915.

Reynolds Mfg. Co.

ANNIVERSARY OF BATTLE
London, Oct. 21.—Indomitable Nelson lies fast in eternal sleep and all but the fraction of a century has rolled away since when was fought the Battle of Trafalgar. But the thundering guns, the screaming shells, the lamentations of the sorrowing, cannot shut out from British ears the eloquent silence from that day of ninety-nine years ago; and in the British heart the feeling is serene and sure that this day's sun will fall upon some victory, some master-stroke, that will make a mad rejoicing midst the watching shades of Trafalgar's lost legions.
